Ohio since 1999      **Art** Julian Freeman, 1998 Assuming no previous knowledge on the part of the reader this is a straightforward introduction to Western art from the cave paintings of Lascaux to Damien Hirst's pickled ruminants. It explains techniques, identifies major art movements, includes a time line which puts these in context, describes their aims and beliefs, and presents short biographies of the great masters. Significant works illustrated in colour are examined to show why and how they achieved their status.      The Annotated Mona Lisa Carol Strickland, John Boswell, 1992-06 Cutting through the fog of jargon and theories that can make art seem hopelessly remote, *The Annotated Mona Lisa* demystifies art history. It's a brisk, clearly stated survey from cave painting to conceptual art that doesn't talk down to its reader and doesn't assume a prior art education. Dynamic design, page length essays, frequent sidebars, and abundant illustrations make this compendium a browser's delight. 300 illustrations, one third in color.      **Crash Course in Art** Eva Howarth, 2001      **Modern Art : a Crash Course** Bell, Cory, 2001      AP® Art History Crash Course Book + Online Gayle A.
