Crash Course on Church History Christopher Catherwood,1998 *Church History* Christopher Catherwood,2007-03-06

In this concise accessible guide author Christopher Catherwood takes his readers through the history of the faith educating them about the uniqueness of Christianity from its birth to the diverse global Evangelical Church we know today Church History is the perfect place to start for anyone who wants to know where to begin this quest for knowledge Enjoy discovering more about the lives of men and women from various times and places not only to better understand the church but also to know how to live wisely in this age These are some of the many reasons why history is so important From those who desire to learn more about their fellow followers of Jesus Christ throughout history to those who want to learn more about church for themselves this book will test you to dig deeper in your faith Scientists Discover God William Dallas,2017-03-02 This book seeks to truthfully examine the facts that scientists have discovered about the origin of the universe and the beginning of life Using this information the cases for creation and evolution are discussed with an open mind The scientific evidence on the subject is recorded The flaws in some claims are exposed The readers can therefore form their own opinion on the scientists interpretation of the facts Using Christian and Non Christian historical sources the Christian Churches beliefs are examined to determine the reliability of the churches teaching **Introduction to the History of Christianity** George Herring,2006-09 A beautifully crafted and clearly written introduction to Christianity over its 2000 year history **A Brief History of the Middle East** Christopher Catherwood,2011-02-24 Western civilization began in the Middle East Judaism and Christianity as well as Islam were born there For over a millennium the Islamic empires were ahead of the West in learning technology and medicine and were militarily far more powerful It took another three hundred centuries for the West to catch up and overtake the Middle East Why does it seem different now Why does Osama bin Laden see 1918 with the fall of the Ottoman Empire as the year everything changed These issues are explained in historical detail here in a way that deliberately seeks to go behind the rhetoric to the roots of present conflicts A Brief History of the Middle East is essential reading for an intelligent reader wanting to understand what one of the world s key regions is all about Fully updated with a new section on the Iraq Invasion of 2003 the question of Iran and the full context of the Israeli Palestine conflict **Reformation to Restoration** John Renwick,2010-04-30 Death by drowning or being burned at the stake In the days of the Reformation many Christians suffered this horrible fate What was their crime Simply being baptised immersed into Christ as believing adults Why did they endure death They preferred death to compromising their faith Today we are beneficiaries of the stand they took and the spiritual heritage they passed on Thank God that after 150 years of these killing times a more enlightened age came in This was the age of religious discussion and discovery as men sought the truth in religion It was not easy to go against over 1500 years of human tradition Where was truth to be found In that which existed from the days of the apostles the Word of God Their spiritual quest also blesses our lives if we are but willing to listen A further 100 years would elapse

before Restoration principles produced fruit Again we are blessed with the fruit of their labours However every generation has to decide what to believe and why That challenge remains and it is a challenge that confronts each one of us What are we going to do about it

RetroChristianity Michael J. Svigel, 2012-04-30 Evangelicalism is in trouble Surveying the modern evangelical landscape professor Michael Svigel asks Why does evangelicalism appear to be spinning out of control losing appeal to younger generations dwindling in numbers or selling out to pop culture to muster a crowd He seeks to answer this question by looking to the past to a Retro Christianity Calling for a return to evangelicalism's historical and theological roots Svigel begins by addressing some of present day evangelicalism's problems and explores what can be done to help churches regain a healthy perspective on doctrine He then gives practical examples of what establishing a biblical historical and theologically sound foundation will mean for Christians as they think through aspects of church life and worship As the numbers of those confused or disenchanted with evangelicalism continue to grow Svigel's book meets a timely need and will benefit many readers with his balanced argument for preserving the evangelical faith

Coming Again Jerry Newcombe, 1999 Ever wonder when Jesus will return for His church Will it be soon And what about the Tribulation will Christians live through it or be raptured before it Is the Millennium a literal one thousand year period What do these and many more terms mean How do they figure into Christ's Second Coming What can Christians expect in

the days ahead Jerry Newcombe examines and explains the issues surrounding the Second Coming clearly presenting the various points of view Giving examples from the recent and distant past he points out the folly of trying to set the date for Jesus return Rather he encourages Christians to focus on our common hope in Christ rather than bicker over the hows and whens of our future His passionate plea to be ready for Christ s coming will have you saying Even so come Lord Jesus All of history is moving toward its inevitable climax the return of Christ How will it be How will He come Well meaning Christians answer that question different ways To get a good understanding of those various opinions and the consequences that flow out of those opinions I recommend you read Coming Again D James Kennedy Ph D Senior Minister Coral Ridge Presbyterian Church The British National Bibliography Arthur James Wells,2005 *Intertwined Roots* W.
