Bennett, John Davidson, 2015-02-08. German Shepherds Dog Books for Kids. Table of Contents Introduction Chapter 1 Chapter 2 Chapter 3 Conclusion Author Bio Introduction. Money will buy a pretty good dog but it won't buy the wag of his tail. Josh Billings. German Shepherds are intelligent versatile and faithful dogs. They have outstanding characteristics and excel in almost anything they do. This breed is well known and among the 10 most popular breeds in the U.S. But what makes them so popular? To begin with their skills extend beyond the home. They are used in law enforcement serving with police and even the military. They also help with special needs. For example With those who are handicapped and require constant attention. However their skills do not end there. Does the name Rin Tin Tin ring a bell? He was quite famous and appeared in many movies and shows. He was so popular he received hundreds of fan letters sometimes thousands per week. And after the World Trade Center disaster faithful German shepherd dogs risked their lives to comfort rescue workers and help find those who were missing. German shepherds are also excellent watchdogs. Their alert and often suspicious nature can serve to protect both you and your family from strangers. However this aspect of their personality may not appeal to you if you are looking for a more guest friendly dog. This breed has a high energy level. Originally when this dog was first bred it was for working purposes. The idea was to help herd flocks get them into groups and so on. This all day task helped to shape a strong and high energy dog that requires a lot of activities to keep their attention. It is important to take note of this part of their personality.

Why Well if they do not get the attention they need their boredom even frustration will shine through with lots of barking and chewing Depending on how loud it gets it may drive you up the wall Despite this aspect of their personality there is no doubt German Shepherds are amazing dogs and a wonderful asset to any home And with proper training and loving attention they will stand by you through thick and thin Not a bad description to add to the list of man s best friend **German Shepherd** Tyler Adams,2014-07-28 This book aims to share with you dear reader everything I know about raising and training these dogs right from birth until adulthood I ll spare you no secrets about what you ll need from financial resources to patience and love I ll tell you the best things about having a German shepherd for a pet as well as the not so good experiences I ve had with them After reading this book I guarantee that you will be fully prepared for raising a German shepherd Everything you need to expect and learn about this breed I ll even share a couple of actual experiences and anecdotes some funny some not so much with my own pets You need to know as much information as you can about any breed of dog before you adopt one And since the German Shepherd is a lot of dog you need to know a lot of German Shepherd information before adopting or purchasing one Not all dogs are alike If you ve never lived with a large dog or a very active dog before then you are going to be in for a surprise with a German Shepherd Hopefully this will be a welcome surprise Here Is A Preview Of What You ll Learn Basic facts about German Shepherds The good about German Shepherds The bad about German Shepherds Just plain ugly facts about German Shepherds Training and rearing guides Final verdict on German Shepherds Much much more

of a German Shepherd so that both the dog and its human companion aren't miserable because of a failure to provide proper food, shelter, exercise and companionship. To assist in selecting your first German Shepherd, Morford compares and contrasts American versus German bloodlines, male versus female, a puppy versus an adult dog, various coat types and colors, and breeder versus rescue adoption. Two must-read chapters concern how to select a breeder and common health problems experienced by the breed. Don't buy a German Shepherd without reading those chapters.
