## **Crazy Kill The:**

*Plea Bargain* Larry Axelrood, 2002-10-15 Sometimes a simple plea bargain is not what it appears to be as criminal defense attorney Darcy Cole learns when he takes the case of Harry Feigler a Chicago attorney who specializes in expunging the records of men who have been caught soliciting prostitutes Sometimes also Darcy reminds his associate Kathy Haddon when a husband regularly comes home in the evening smelling like a bar and claiming to have been out with friends there may be no cause for alarm Sometimes too a black man accused of murder in an apparently open and shut drug case has been set up and is innocent and a beautiful apparently distraught young woman who reports the disappearance of her boyfriend to the police is lying to distract attention from a real crime Sometimes even a middle aged police officer whose life is spiraling toward disaster discovers the inner qualities of character that attracted him to law enforcement in the first place and the luck of the draw in emergency room physicians brings together a disenchanted lawyer and an overworked doctor in a romance that sizzles from the moment they first meet These story lines which at first glance appear to have no connection to one another come together with high drama and humor in Plea Bargain Nothing it seems is as it appears and Darcy must sift through the illusions and deceptions to come to the actual truth In the midst of fraud and deception murder and betrayal Darcy battles a legal system that seems more adept at administering injustice than in protecting the innocent Filled with brilliant legal maneuvering and surprise after surprise Plea Bargain spins a complicated path that will intrigue even the most avid readers of legal fiction and establish Darcy Cole as one of the most fascinating new series protagonists to appear in years which was the case in The Advocate the first book in the Darcy Cole series The Survival Trilogy: Arena 2 and Arena 3 (Books 2 and 3) Morgan Rice, 2016-07-27 Shades of THE HUNGER GAMES permeate a story centered around two courageous teens determined to buck all odds in an effort to regain their loved ones ARENA ONE builds a believable involving world and is recommended for those who enjoy dystopian novels powerful female characters and stories of uncommon courage Midwest Book Review A bundle of Books 2 and 3 in THE SURVIVAL TRILOGY the 1 bestselling series New York 2120 America has been decimated wiped out from the second Civil War Survivors far and few between join violent gangs predators who live in the big cities There is only one rule to their stadium where opponents are made to fight to the death no one survives Ever In ARENA TWO having just escaped from the treacherous island that was once Manhattan Brooke Ben Logan Bree and Rose make their way up the Hudson river in their stolen boat low on fuel low on food and desperately needing shelter from the cold On their tails are the slaverunners who will stop at nothing until they capture them and bring them back An action packed dystopian thriller featuring a tough female heroine whom readers worldwide have fallen in love with ARENA THREE is the shocking conclusion to the bestselling Survival Trilogy and one that will leave you turning pages late into the night Addicting ARENA ONE was one of those books that you read late into the night until your eyes start to cross because you don t want to put it down Dallas Examiner The Art of Psychotherapy and the Liberation of the

Therapist Dr. Len Bergantino Ed.D. Ph.D., 2019-05-30 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can t do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotheraphies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy six years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P The Art of Psychotherapy and the Liberation of the Therapist This is a book for professional psychotherapists psychoanalysts and counselors students in those areas of specialty and lay persons who are interested in the essence of effective therapy and how some of the people who do it best practice their art For professionals the book presents a personal way of viewing therapy that can add pleasurable options Each of the therapists with whom I worked and myself all had a feeling of enjoyment that we hope will carry over to the office and practices of the readers For students of therapy the book offers a search for a professional stature and working posture that may be of value in the development of each student's unique personal style For lay persons the book speaks of therapy that can make an impact and speaks of how some of the most potent therapists practice I wrote the book with the intention of having it be both an experience and an explanation I have presented it according to my developmental needs while maturing personally and professionally This was done so the book might be informative at the conscious level entertaining at the child level and persuasive at the unconscious level The existential moment is the thread that ties the book together it is a moment of therapeutic potency While all moments are existential by definition there are certain moments that are more powerful in helping patients live happier and healthier lives Positive results whether they be from one session or over the long haul are partially if not fully a result of existential moments The Texas Criminal Reports Texas.
