Starko, 2003 This new general elementary methods book offers a balanced presentation of skills inquiry and social approaches to teaching structured around the concept of instructing for understanding The authors stress that the truly effective teacher not only has knowledge of teaching strategies but also understands the importance of asking and answering such questions as What learner characteristics affect the success of this strategy What contextual factors will influence its outcome What philosophical ethical stance does it represent This book includes coverage that reflects a backward design structure and consideration of student characteristics first then identification of complex tasks and assessment and finally daily instructional planning It emphasizes authentic assessment and the importance of considering assessment when planning instruction For professionals in the field of

teaching grades K 12     Instructor ,1998-08     **Interdisciplinary Strategies for English and Social Studies Classrooms** Joseph John Nowicki,Kerry F. Meehan,1997 With today s growing emphasis on creating educational situations which are collaborative and inclusive particularly in junior and senior high schools there is a strong push to involve students in their learning to let them create their own understandings to encourage critical thinking and to increase student responsibility for their schooling And while there is much said in the literature about this point as theory this is one of the first hands on books to link theory with practice This terrific new resource is written in a very inviting style and format for teachers adjusting to the effects of inclusion and heterogeneity in classrooms and for teachers and administrators looking to break the barriers erected by subject area isolation in junior and senior high schools In it you get nearly 50 interdisciplinary strategies to link social studies and English classes around common themes to provide the highest quality educational experiences for all students The authors identify the common strengths gained by sharing areas of study while maintaining the unique character and integrity of English and social studies classes To aid in lesson planning the authors identify subject and shared facts skills and concepts between English and social studies lessons and how these relate to theme They also identify obstacles to interdisciplinary activity because of perceived differences between English and social studies teachers and offer suggestions for overcoming those obstacles     **Forthcoming Books** Rose Arny,1994-02     **Building Character in Schools Resource Guide** Karen E. Bohlin,Deborah Farmer,Kevin Ryan,2001-12-24 A companion guide to Building Character in Schools this book offers an instructional and school wide framework for developing assessing improving and institutionalising character education initiatives     *The Education Digest* ,2000     **Annual Editions** Karen M.
