Creating The New Woman:

Women's Roles and Agency in Russian Society Before and During the War in Ukraine Ann-Mari Sätre, 2025-02-15 *Women's Roles and Agency in Russian Society Before and During the War in Ukraine* tracks Russian societal development and transformation as reflected in women's experiences, views, and agency. This book explores women's roles in various sectors of Russian society, including the labor market in the 1990s, entrepreneurship, politics, the social sector, and their engagement in civil society. The author employs interviews describing the experiences, views, and agency of Russian women in leading positions in the social services, NGOs, and elsewhere that serve to help vulnerable women. Their stories make visible how women's agency has changed in the face of growing authoritarianism in the region. Their work and position have become more perilous in the wake of the Russia-Ukraine War and the increased attempts by authorities to cover up and silence social unrest.

Women and Buddhist Philosophy Jin Y. Park, 2017-02-28 Why and how do women engage with Buddhism and philosophy? The present volume aims to answer these questions by examining the life and philosophy of a Korean Zen Buddhist nun, Kim Iry (1896-1971). The daughter of a pastor, Iry began questioning Christian doctrine as a teenager. In a few years, she became increasingly involved in women's movements in Korea, speaking against society's control of female sexuality and demanding sexual freedom and free divorce for women. While in her late twenties, an existential turn in her thinking led Iry to Buddhism; she eventually joined a monastery and went on to become a leading figure in the female monastic community until her death. After taking the tonsure, Iry followed the advice of her teacher and stopped publishing for more than two decades. She returned to the world of letters in her sixties, using her strong, distinctive voice to address fundamental questions on the scope of identity, the meaning of being human, and the value of existence. In her writing, she frequently adopted an autobiographical style that combined her experiences with Buddhist teachings. Through a close analysis of Iry's story, Buddhist philosophy and practice in connection with East Asian new women's movements and continental philosophy, this volume offers a creative interpretation of Buddhism as both a philosophy and a religion actively engaged with lives as they are lived. It presents a fascinating narrative on how women connect with the world, whether through social issues such as gender inequality, a Buddhist worldview, or existential debates on human existence, and provides readers with a new way of philosophizing that is transformative and deeply connected with everyday life. *Women and Buddhist Philosophy: Engaging Zen Master Kim Iry* will be of primary interest to scholars and students of Buddhism, Buddhist and comparative philosophy, and gender and Korean studies.

Women Entrepreneurs and Strategic Decision Making in the Global Economy Tomos, Florica, Kumar, Naresh, Clifton, Nick, Hyams-Ssekasi, Denis, 2019-01-11 There has been an increase in women entrepreneurs participating in the growth of local, regional, national, and global economies. While these women showcase crucial skills for strategic leadership and strategy that can advance companies, they face cultural, educational, social, and political barriers that impede their development and participation within the global economy. Women

Entrepreneurs and Strategic Decision Making in the Global Economy is a pivotal reference source that provides vital research on understanding the value of women entrepreneurs and the strategies they can use on the economy and examines gender impact on strategic management and entrepreneurship While highlighting topics such as emotional intelligence global economy and strategic leadership this book is ideally designed for managers entrepreneurs policymakers academicians and students
