## **Creating The West Historical Interpretations 1890 199:**

The American West in 2000 Richard W. Etulain, Ferenc Morton Szasz, 2003 The ten original essays commissioned for this book focus on historical subjects in the post World War II American West The late Gerald Nash in whose honor the essays were written made major contributions to the study of modern American and western American history and his impact on those fields is demonstrated in these essays by several generations of his students and colleagues Emphasizing social and cultural developments the essays draw on methodologies and topics from comparative history environmental history urban history and political history The authors write on subjects ranging from women s rights to urban sprawl from organized religion to tourism from mining to American Indian culture An autobiographical essay by Nash himself situates his life s work in the context of two formative experiences his intellectual development as a German refugee arriving in New York in the late 1930s and his commitment to the study of the American West when he began graduate school The contributors include Margaret Connell Szasz Arthur R G mez Donald J Pisani Marjorie Bell Chambers Carol Lynn MacGregor Christopher J Huggard Roger W Lotchin and Gene M Gressley as well as Nash and the volume editors *The Human Tradition in the American West* Benson Tong, Regan A. Lutz, 2002 The Human Tradition in the American West is an engrossing collection of 13 biographies of men and women whose contributions to the development of the American West have largely been left untold in the history books This volume goes beyond the traditional biographical reader by including the lives that collectively offer racial and gender diversity as well as differing class and sexual orientation backgrounds Editors Benson Tong and Regan A Lutz have assembled an impressive group of scholars whose succinct and well written accounts will give students a more complete understanding of this diverse dynamic region of the United States This book is an excellent resource for courses on the American West U S history survey courses and courses in American social and cultural history

Textures of Place Paul C. Adams, Steven D. Hoelscher, Karen E. Till, 2001 A fresh and far ranging interpretation of the concept of place this volume begins with a fundamental tension of our day as communications technologies help create a truly global economy the very political economic processes that would seem to homogenize place actually increase the importance of individual localities which are exposed to global flows of investment population goods and pollution Place no less today than in the past is fundamental to how the world works The contributors to this volume distinguished scholars from geography art history philosophy anthropology and American and English literature investigate the ways in which place is embedded in everyday experience its crucial role in the formation of group and individual identity and its ability to reflect and reinforce power relations Their essays draw from a wide array of methodologies and perspectives including feminism ethnography poststructuralism ecocriticism and landscape ichnography to examine themes as diverse as morality and imagination attention and absence personal and group identity social structure home nature and cosmos **Writing**

**British Columbia History, 1784-1958** Chad Reimer, 2010-07-01 Captain James Cook first made contact with the area now

known as British Columbia in 1778 The colonists who followed soon realized they needed a written history both to justify their dispossession of Aboriginal peoples and to formulate an identity for a new settler society Writing British Columbia History shows how Euro Canadian historians took up this task and struggled with the newness of colonial society and overlapping alliances to the British Empire the United States and Canada In explorers accounts promotional literature pioneer histories and academic studies they eased these tensions by defining British Columbia as part of a global British Empire incorporating it into an expanding Anglo Saxon civilization and writing it into the empire of history itself This sweeping study of the role of history writing in colonialism and nation building will appeal to anyone interested in British Columbia history the history of the Pacific Northwest or history writing in Canada **Creating the West** Gerald D. Nash,1991 This book appears at a time of radical reassessment of what settling the West has meant in American history Amidst questions now being asked about violence and exploitation as leitmotifs in western history it is more important than ever to understand historians and their biases In this interpretive synthesis a major historian argues that the visions of the West held by successive generations of historians were as important as the historical record in shaping their writings

**Small-Town Dreams** John E. Miller,2014-03-28 We live these days in a virtual nation of cities and celebrities dreaming a small town America rendered ever stranger by purveyors of nostalgia and dark visionaries from Sherwood Anderson to David Lynch And yet it is the small town that world of local character and neighborhood lore that dreamed the America we know today and the small town boy like those whose stories this book tells who made it real In these life stories beginning in 1890 with frontier historian Frederick Jackson Turner and moving up to the present with global shopkeeper Sam Walton a history of middle America unfolds as entrepreneurs and teachers like Henry Ford George Washington Carver and Walt Disney artists and entertainers like Thomas Hart Benton Grant Wood Carl Sandburg and Johnny Carson political figures like William McKinley William Jennings Bryan and Ronald Reagan and athletes like Bob Feller and John Wooden by turns engender and illustrate the extraordinary cultural shifts that have transformed the Midwest and through the Midwest the nation and the world Many of these men are familiar icons even Ford and Reagan certainly Ernie Pyle Sinclair Lewis James Dean and Lawrence Welk and others like artists Oscar Micheaux and John Steuart Curry economist Alvin Hansen and composer Meredith Willson less so But in their stories as John E Miller tells them all appear in a new light unique in their backgrounds and accomplishments united only in the way their lives reveal the persisting shaping power of place and particularly the Midwest on the cultural imagination and national consciousness In a thoroughly engaging style Miller introduces us to the small town Midwestern boys who became these all American characters privileging us with insights that pierce the public images of politicians and businessmen thinkers and entertainers alike From the smell of the farm the sounds and silences of hamlets and county seats the schoolyard athletics and classroom instruction and theatrical performance we follow these men to their moments of inspiration innovation and fame observing the workings of the small town past in their very different

relationships with the larger world Their stories reveal in an intimate way how profoundly childhood experiences shape personal identity and how deeply place figures in the mapping of thought belief ambition and life s course

**Transatlantic History** Steven G. Reinhardt,Dennis Reinhartz,2006 The transatlantic world has had immense influence on the direction of world history The six illuminating studies in Transatlantic History address cultural exchanges and intercontinental developments that contribute to our modern understanding of global communities Transatlantic history encompasses a variety of scholarly problems and approaches from multiple disciplines and volume editors Steven G Reinhardt and Dennis P Reinhartz have assembled a collection of essays that reflect the diversity within the field Introducing the book William McNeill provides a unifying overview of the concept and practice of transatlantic history by placing it within the larger context of world history The chapter authors bring distinctive styles and methods to the investigation of the processes of interaction and adaptation among Africans Native Americans and Europeans Their studies range from the Spanish imperial crisis in the 1600s to the urbanization of Europe and the Americas from graphic portrayals of the Atlantic world to the settlement of Ireland America and South Africa and the recent diaspora of West Africans Readers interested in world history communication and cultural studies will find Transatlantic History provocative and challenging as it convincingly argues for the importance of this new field

**Forthcoming Books** Rose Arny, 1991      Arts & Humanities Citation Index, 2000      **The Language of Blood** John M. Nieto-Phillips, 2004

When the United States declared war on Spain in 1898 rumors abounded throughout the nation that the Spanish speaking population of New Mexico secretly sympathized with the enemy. At the end of the war The New York Times warned that New Mexico's Mexicans professed a deep hostility to American ideas and American policies. As long as Spanish remained the primary language of public instruction the Times admonished the majority of the inhabitants will remain Mexican and retain a pseudo allegiance to Spain. This perception of Spanish speaking New Mexicans as un American was widely shared. Such allegations of disloyalty coupled with the prevalent views that all Mexican peoples were racially non white and unfit to assume the rights and responsibilities of full citizenship inspired powerful reactions among the Spanish speaking people of New Mexico. Most sought to distinguish themselves from Mexican immigrants by emphasizing their Spanish roots. Tourism too began to foster the myth that nuevomexicanos were culturally and racially Spanish. Since the 1950s historians sociologists and anthropologists have dismissed the ubiquitous Spanish heritage claimed by many New Mexicans. John M Nieto Phillips himself a nuevomexicano argues that Spanish American identity evolved out of a medieval rhetoric about blood purity or limpieza de sangre as well as a modern longing to enter the United States's white body politic.
