Creating Another Self:

The Created Self Robert John Weber, 2000 The Created Self takes readers to as yet unexplored regions in the modern psyche's preoccupation with self invention **Establishing Self-Access** David Gardner, Lindsay Miller, 1999-03-11

Establishing Self Access examines establishing maintaining and developing self access language learning SALL While much of it presents practical ideas dealing with issues related to SALL they are supported by references to relevant literature and research This link between theory and practice makes the debate about SALL accessible and makes this a useful resource for establishing and running self access learning facilities Its unique features include a typology of self access facilities a discussion about how to manage self access a step by step guide on evaluating self access a wide variety of practical suggestions for implementing self access in different contexts It is suitable for anyone concerned with self access from pre service teacher trainees to experienced teachers and from managers of dedicated self access centres to administrators concerned with financing self access facilities **The Politics and Art of John L. Stoddard** Michaelene Cox, 2015-01-16

This book is a historical and critical assessment of contributions by American writer and lecturer John Lawson Stoddard 1850-1931 It is the first scholarly effort to provide visual and literary analyses of his illustrated travel works and political writings It claims that Stoddard was a principle engine behind movements toward transforming tourism into a growing consumer culture democratizing liberal arts education and fueling anti WWI campaigns By the late 1870s John Lawson Stoddard had played a major role in transforming the aristocratic Grand Tour into a mass cultural phenomenon His photographs and accompanying public lectures on distant places and peoples caught the attention of decision makers in the U S government but perhaps more importantly his images and text were imprinted in the minds of millions of audience members This book suggests how critical approaches borrowed from the interdisciplinary literature of visual culture are helpful in assessing the imagery and identity of a nineteenth century American travel lecturer and author It uncovers buried aspects of the personal and public life of Stoddard and reveals his significant contributions to American political and social history Several Assertions Proved, in Order to Create Another Species of Money Than Gold and Silver John Asgill, 1906 **No**
