Creating Curriculum Teachers And Students As A Community Of Learners:

Creating Curriculum Kathy Gnagey Short, Carolyn L. Burke, 1991 This book is a work to be read in preparation for further discussion of curriculum *Creating Curriculum -Lib* ,1991-10-01 *The Clarity Series: Creating Passionate Learners* Kim Brown, Tony Frontier, Donald J. Viegut, 2015-06-09 Increase student engagement and create passionate learners The path that leads a student to drop out of school is typically long with engagement fading each year until the student stops attending Clearly increasing student engagement is the key to halting this sequence But lack of consensus on the definition of engagement makes this difficult What schools need is a common engagement literacy a simple yet nuanced understanding of how to maximize engagement This book offers the first comprehensive system for defining engagement and optimizing it in any student cohort Inside you ll learn How to improve teacher feedback methods for maximum engagement The power of mindset for both educators and students Key vocabulary terms for furthering the engagement process With this book you can block the path to dropping out and create a community of passionate learners *Creating Caring and Supportive Educational Environments for Meaningful Learning* Daniels, Kisha, Billingsley, Katrina, 2018-09-14 This title is an IGI Global Core Reference for 2019 as it is edited by leading education scholars from Duke University and contributed by over 22 leading education scholars from the U S this publication provides the latest research on creating a well rounded education system through blending technical and human aspects of learning With comprehensive coverage on fostering relationships multicultural responsive learning parent engagement and more this book is ideally designed for teachers administrators researchers and academicians *Creating Caring and Supportive Educational Environments for Meaningful Learning* is a collection of innovative research on the practical and theoretical questions involved in organizing traditional and nontraditional areas of study around themes of care and support for students within the framework of current educational systems and standards While highlighting topics including service learning ethics of care and student mental health this book is ideally designed for teachers administrators researchers and academicians seeking current research on the importance and ethics of the human aspects of education *Leadership, Learning, Well-being, and Justice in Educational Organizations* José Matias Alves , Mireia Tintoré, Lídia Jesus Pecegueiro Serra, 2025-03-21 Educational leadership is a pivotal factor influencing student learning second only to direct classroom instruction Leaders in educational settings are tasked with shaping a collective vision for inclusion and fostering a school culture centered on social justice and well being ensuring success for every student The role of leadership in mobilizing and inspiring purposeful interdependent action through a shared vision is crucial for leveraging teachers professional capital fostering a climate of innovation and inclusion and enhancing teachers agency and learning cultures within educational organizations Despite the diversity of leadership styles ranging from toxic to transformational laissez faire to instructional and charismatic to servant understanding their effects is essential especially given the pressing need to construct new inclusive educational environments Current research highlights

the importance of educational leadership practices that promote personal professional organizational and social well being yet there remains a significant gap in comprehensively understanding how these practices can be optimized to foster quality teaching and inclusive learning

Focus a Magazine for Innovators ,1999 Culture in School Learning Etta R. Hollins,2015-06-05 Challenging educators to better understand themselves and their students this text presents a powerful process for developing a teaching perspective that embraces the centrality of culture in school learning The six part process covers examining culture personalizing culture inquiring about students cultures and communities applying knowledge about culture to teaching formulating theory or a conceptual framework linking culture and school learning and transforming professional practice to better meet the needs of students from different cultural and experiential backgrounds All aspects of the process are interrelated and interdependent Two basic procedures employed in this process are presented constructing an operational definition of culture that reveals its deep meaning in cognition and learning and applying the reflective interpretive inquiry RIQ approach to making linkages between students cultural and experiential backgrounds and classroom instruction Pedagogical features in each chapter include Focus Questions Chapter Summaries Suggested Learning Experiences Critical Reading lists A Companion Website new for the Third Edition www.routledge.com/cw Hollins provides additional student resources
