## Creation Of History In Ancient Israel:

**The Creation of History in Ancient Israel** Marc Zvi Brettler, 2002-11-01 The Creation of History in Ancient Israel demonstrates how the historian can start to piece together the history of ancient Israel using the Hebrew Bible as a source  
*Creation of History in Ancient Israel*, 1996 [A Brief History of Ancient Israel](#) Victor Harold Matthews, 2002-01-01 Grounded in the latest archeological developments Victor Matthews's *A Brief History of Ancient Israel* presents a concise history of Israel covering the ancestral period conquest and settlement the monarchy and both the exilic and postexilic periods Using supplemental figures and insets the author concentrates on providing a cogent and condensed discussion of events He examines historical geography archaeological data and where relevant comparative cultural materials from other ancient Near Eastern civilizations With an accessible yet high quality introduction *A Brief History of Ancient Israel* will be of immense value to both students of the Old Testament and the scholars who teach them [A History of Israel](#) Walter C. Kaiser, Jr., Paul D Wegner, 2017-11-20 This volume provides a comprehensive introduction to the history of ancient Israel from the creation account to setting the stage for the New Testament era *The History of Ancient Israel* Michael Grant, 2012-02-16 The definitive guide to the history of ancient Israel *The History of Ancient Israel* covers the epic story of Jewish civilisation from its beginnings to the destruction of Jerusalem and the Temple in AD 70 It deals with Israel's relations with the great empires which shaped its development and with the changing internal structure of the Jewish state drawing both on excavation and the Hebrew Bible **Ancient Israel** Niels Peter Lemche, 2015-11-19 When this provocative text was first published Lemche presented a new model of how we should understand Israelite society its history and its religion Lemche argues first that Israel was the result of a social development among the Canaanite population of Palestine in the second half of the second millennium BCE This implies that Israelite religion was originally Canaanite and that what we think of as typically Jewish religion did not arise until c 500 BCE Lemche's radical reassessment of Israelite history is based on the conviction that the Old Testament contains hardly any historical sources older than the seventh century BCE The early history of Israel must therefore be reconstructed from archaeological results and non biblical evidence not from the Old Testament In this new edition Lemche provides an extensive new introduction and bibliography considering how the field has developed since the work first appeared *The Israelites in History and Tradition* Niels Peter Lemche, 1998-01-01 Niels Peter Lemche focuses on the way Israelites understood themselves at different points in history before within and after the monarchy This book is essential reading for anyone interested in understanding Israel's rich history Volumes in the Library of Ancient Israel draw on multiple disciplines such as archaeology anthropology sociology linguistics and literary criticism to illuminate the everyday realities and social subtleties these ancient cultures experienced This series employs sophisticated methods resulting in original contributions that depict the reality of the people behind the Hebrew Bible and interprets these insights for a wide variety of readers **The Invention of Ancient Israel** Keith W. Whitelam, 1996 Argues that ancient

Israel has been invented by scholars in the image of a European nation state influenced by the Israeli state created in 1948

Biblical scholars have contributed to dispossessing the Palestinians of their land and their past

**History and Ideology in Ancient Israel** Giovanni Garbini, 1988

**A History of Ancient Israel and Judah** James Maxwell Miller, John Haralson Hayes, 2006

Miller and Hayes has long been my number one recommended textbook for classes on the history of ancient Israel and Judah While I may not agree with every word I know of nothing like it for the systematic way in which it sets out the whole range of evidence discusses it critically and bases its historical reconstruction on the results The field has been moving so rapidly however with new discoveries and radically different interpretations of familiar material that it was reaching the point where this book would need to be replaced This new edition represents such a significant revision with account taken of all the most recent main discussions that it will again immediately resume its premier position in the field

II G M WILLIAMSON REGIUS PROFESSOR OF HEBREW UNIVERSITY OF OXFORD More than two decades have passed since Miller and Hayes's History helped us absorb the lessons learned when a regnant synthesis that largely authenticated Israel's version of its past had shattered As presented in its pages Israel's history was far more complicated and exhilarating than the one presented in Scripture and its people proved concerned with much more than just communion with God In this completely rewritten edition the frame is basically the same but the details are richer and more absorbing if only because archaeological discoveries and scholarly debates since then have multiplied the questions Writing a limpid prose shaping a story that is neither bland nor boring Miller and Hayes continue to guide us reliably through thorny issues

JACK M SASSON MARY JANE WERTI JAN PROFESSOR OF JUDAIC AND BIBLICAL STUDIES VANDERBILT UNIVERSITY Miller and Hayes's comprehensive work has clearly and superbly represented an important scholarly tradition in the study of the history of ancient Israel This revision with substantial bibliographic updating and increase in illustrations and visuals will preserve its status as a standard in the field

K LAWSON YOUNGER JR PROFESSOR OF OLD TESTAMENT SEMITIC LANGUAGES AND ANCIENT NEAR EASTERN HISTORY TRINITY EVANGELICAL DIVINITY SCHOOL In a time of polarization over the veracity and usefulness of various forms of data this volume is a welcome addition both for its level headed and even handed treatment of all relevant materials and the sheer volume of material presented The authors respect the intelligence of their readers and supply them with the data the range of scholarly debate on the topic and their own analysis allowing both beginning students and seasoned scholars to soundly evaluate the situation

TAMMI J SCHNEIDER PROFESSOR SCHOOL OF RELIGION CLAREMONT GRADUATE UNIVERSITY

**Creator & Creation** Ronald Simkins, 1994

*Ancient Israel* Harry M. Orlinsky, 1960 This revised edition published in 1960 brings up to date a book first published in 1954 a concisely organized simply written account of the society that produced the Bible As the author traces the fluctuating fortunes of the Hebrews and Israelites between about 2000 and 300 B C E the reader can see how Jewish religious concepts developed in the context of actual historical situations

**The Origin of Early Israel-Current Debate** Shmuel Ahituv, Eliezar

Oren,2017-07-12 The origin of Israel their settlement in the land of Canaan and transformation into an organized kingdom is one of the most stimulating and controversial chapters in the history of ancient Israel In this volume three of the researchers who have presented key models regarding this era Finkelstein Whitlam and Kitchen offer their latest thinking and are critiqued by a panel of other scholars using biblical historical archaeological anthropological and comparative Near Eastern data An important introduction to the debate over this crucial question *A Concise History of Ancient Israel* Bernd U. Schipper,2020-04-28 The history of biblical Israel as it is told in the Hebrew Bible differs substantially from the history of ancient Israel as it can be reconstructed using ancient Near Eastern texts and archaeological evidence In *A Concise History of Ancient Israel* Bernd U Schipper uses this evidence to present a critical revision of the history of Israel and Judah from the late second millennium BCE to the beginning of the Roman period Considering archaeological material as well as biblical and extrabiblical texts Schipper argues that the history of Israel in the preexilic period took place mostly in the hinterland of the Levant and should be understood in the context of the Neo Assyrian expansion He demonstrates that events in the exilic and postexilic periods also played out differently than they are recounted in the biblical books of Ezra and Nehemiah In contrast to previous scholarship which focused heavily on Israel s origins and the monarchic period Schipper s history gives equal attention to the Persian and early Hellenistic periods providing confirmation that a wide variety of forms of YHWH religion existed in the Persian period and persisted into the Hellenistic age Original and innovative this brief history provides a new outline of the historical development of ancient Israel that will appeal to students scholars and lay readers who desire a concise overview *A Prophet like Moses (Deut 18:15, 18): The Origin, History, and Influence of the Mosaic Prophetic Succession* David DeJong,2022-09-12 In this book DeJong explores Deuteronomy s redefinition of prophecy in Mosaic terms He traces the history of Deuteronomy s concept of the prophet like Moses from the seventh century BCE to the first century CE and demonstrates the ways in which Jewish and Christian texts were influenced by and responded to Deuteronomy s creation of a Mosaic norm for prophetic claims This wide ranging discussion illuminates the development of normative discourses in Judaism and Christianity and illustrates the far reaching impact of Deuteronomy s thought **The Origin Tradition of Ancient Israel** Thomas L. Thompson,1987-01-01 **He Will Rule As God** Anthony Pellegrino,2017-02-13 *He Will Rule as God* unveils the true history of ancient Israel and Judah The controversial publication is an in depth examination but also an unbiased and objective commentary on the first fourteen books of the Old Testament *He Will Rule as God* deciphers the time forgotten events that occurred in pre exilic Palestine Although the biblical stories of the Old Testament have confounded people for centuries this book finally conveys the underlying meaning and origin of the myths and in so doing reveals the lost history of the Holy Land Furthermore the research also details how independent religious factions in ancient Israel and Judah united not only their institutions but also their histories These endeavors created a unified Israel nation and thereby a new account of Palestine s ancient past However this critical undertaking does not detract from the

sacred writings but instead renders the Hebrew Bible even more amazing and its authors achievements beyond incredible Upon objectively delving within this literary work one will discover the truth behind the Israelite scriptures and thus understand the actual history behind the Israel nation and its conveyed conquests in the land of Canaan The Old Testament Between Theology and History Niels Peter Lemche,2008-01-01 From its inception at the time of the Enlightenment until the mid twentieth century the historical critical method constituted the dominant paradigm in Old Testament studies In this magisterial overview Niels Peter Lemche surveys the development of the historical critical method and the way it changed the scholarly perception of the Old Testament In part 1 he describes the rise and influence of historical critical approaches while in part 2 he traces their decline and fall Then in part 3 he discusses the identity of the authors of the Old Testament based on the content of the literature they wrote demonstrating that the collapse of history does not preclude critical study Part 4 investigates the theological consequences of this collapse and surveys Old Testament and biblical theology in its various manifestations in the twentieth century An appendix includes a history of Palestine from the Stone Age to modern times constructed without recourse to the Old Testament **Biblical History and Israel's Past** Megan Bishop Moore,Brad E. Kelle,2011-05-17 Although scholars have for centuries primarily been interested in using the study of ancient Israel to explain illuminate and clarify the biblical story Megan Bishop Moore and Brad E Kelle describe how scholars today seek more and more to tell the story of the past on its own terms drawing from both biblical and extrabiblical sources to illuminate ancient Israel and its neighbors without privileging the biblical perspective Biblical History and Israel s Past provides a comprehensive survey of how study of the Old Testament and the history of Israel has changed since the middle of the twentieth century Moore and Kelle discuss significant trends in scholarship trace the development of ideas since the 1970s and summarize major scholars viewpoints issues and developments **The Early History of God** Mark S. Smith,2002-08-03 Foreword by Patrick D Miller In this remarkable acclaimed history of the development of monotheism Mark S Smith explains how Israel s religion evolved from a cult of Yahweh as a primary deity among many to a fully defined monotheistic faith with Yahweh as sole god Repudiating the traditional view that Israel was fundamentally different in culture and religion from its Canaanite neighbors this provocative book argues that Israelite religion developed at least in part from the religion of Canaan Drawing on epigraphic and archaeological sources Smith cogently demonstrates that Israelite religion was not an outright rejection of foreign pagan gods but rather was the result of the progressive establishment of a distinctly separate Israelite identity This thoroughly revised second edition ofThe Early History of God includes a substantial new preface by the author and a foreword by Patrick D Miller
