Creation Versus Evolution Not Really:

Creation Versus Evolution? Not Really! William A. Schmeling, 1976 **Charting the Supernatural Judgements of Planet Earth** Jerimiah Asher, 2010-08-10 Chapter 3 The First Judgment The World Prior To Adam There may have been many judgments upon the earth since its beginning millions or billions of years ago however the present commentary will deal only with the last tens of thousands of years of earth's existence In Genesis 1:2 the verses written by Moses as author of the Genesis account portray an earth that was veiled in darkness so that its form could not be discerned The earth at that time was covered with water ice high above the mountain tops so that it gave the appearance of being a dark revolving sphere of frozen water Table 2 God's spirit is described as hovering over this revolving ball of water and brooding over the sad condition of this dark void planet God did not create a dark and dismal planet at the beginning because God does not create darkness in fact darkness is incompatible with His existence and presence So what had happened that God viewed Gen 1:2 such a decrepit state of the world Does scripture attempt to explain this phenomenon or does the inspired word of God remain silent on this issue It was first proposed as a theory by the Scotsman Thomas Chalmers in the early 19th century that a gap in time existed between Genesis 1:1 and Genesis 1:2 This gap in time would encompass a ruin reconstruction theme and the existence of pre Adamic living beings Obviously a huge catastrophic event would have had to occur to produce this decadent state of the world The gap concept was later popularized by mention in the margin notes of the Scofield Reference Bible *God, Revelation and Authority: God Who Stands and Stays (Vol. 6)* Carl F. H. Henry, 1999-01-25 Part 6 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978 **A Revolution Is Coming** Mark A. Roberts, 2013 The author was born in 1950 It was another year of war He was told all his life that nothing can be done about war or the horrors of nuclear weapons and those who would use them Nothing can be done about the poisoning of pristine air and water ignorance poverty starvation crime and greed associated with drugs deforestation religious conflicts racial hatred disease overpopulation The author has concluded that total destruction can be stopped but international law and order must be initiated International law must be instituted and enforced The United Nations must complete its journey of leadership and strength The United Nations must exemplify a non corrupt representative leadership all continents nations and people of the world community equally represented The present five prong military dictatorship of intimidation must end The time has come for a world community government founded within the United Nations Mankind has proven throughout history that he is incapable of governing himself Will mankind survive Will this manuscript be used by evil men for evil purposes This author believes that only through supernatural intervention will a world community government of long term peace and prosperity prevail divine leadership And I saw a beast coming out of the sea He had ten horns and seven heads with ten crowns on his horns The beast I saw resembled a
