Creative Approaches In Foreign Language Teaching:

The Art of Foreign Language Teaching Peter Lutzker, 2022-01-31 The first edition of this work became a standard reference work in the general context of humanistic approaches to foreign language teaching and learning This new edition gives a brief overview of further developments in relevant fields and discusses the importance of the concept of teaching as an art in light of the increasing standardization and digitalization of education Reviews of the 1st edition I believe that the book will become a standard reference point for all those who against the current tide of scientific objectives based test oriented control obsessed sterile approaches to language teaching continue to believe that language teaching is indeed an art and a joyful art at that Prof Dr Alan Maley in English Language Teaching Journal Peter Lutzker is a major educational thinker and has spent half an earthly span living towards this major book I have placed Peter s book on my shelves next to those of Rogers Curran Dufeu and Stevick Mario Rinvolutri in *Humanising Language Teaching Creative Teaching, Sustainable Learning* Ulrike Sievers, 2017-11-09 There are many books on foreign language teaching this book is different because it focuses on the learner and the learning process It starts from the social nature of interactive learning and locates learning in a community of learners one of whom is the teacher The conditions for lasting learning in the foreign language are the basis for the teaching methods These aim to provide a rich and shared learning context offer individualised support and scaffolding for learning and make the language the medium for learning what learners are interested in as developing persons It makes teachers into reflective researchers of their practice thus ensuring that teaching is an art a craft and a science The best learning occurs when teachers can read the effects of their teaching on the learning behaviour of the pupils and are able to adapt their approach to be inclusive of all learning types The approach carefully developed in this book takes foreign language teaching and learning to a new level Without losing touch with its origins in Waldorf pedagogy it also draws on contemporary learning theory Above all it is an authentic account of the learning journey of a committed and caring teacher

Creative Approaches in Foreign Language Teaching William N. Hatfield, 1992 **International Perspectives on**

Creativity in the Foreign Language Classrooms Isaak Papadopoulos, Eleni Griva, Evgenia Theodotou, 2020 The book titled *International Perspectives on Creativity in the Foreign Language Classrooms* aspires to provide a reflective and descriptive account of creative practices as well as research related to creativity from an international perspective In particular through a collection of 12 studies conducted in various countries and continents an attempt is made to provide readers with creative examples of teaching practice and research incentives as proposed and presented by the authors of this collected edition The contributors of this book report and reflect on classroom practices that increase motivation promote creative learning heighten learners creativity enhance their learning potential and their multicultural sensitivity They discuss challenges of applications in diverse contexts based on playful activities and stories that develop a creative learning environment in a foreign language classroom Some other studies focus on multiple intelligences theory approach making students know and

apply the appropriate behaviour and they present creative ways and multisensory approaches of approaching dyslexic students in a language classroom The authors provide perspectives from different angles on the above mentioned issues demonstrating that multiliteracies practices games different art forms popular culture texts digital storytelling and interactive activities could be effective tools in foreign language learning

Creative Writing in Foreign Language Teaching Kirsten Hinzpeter, 2012-02 Seminar paper from the year 2009 in the subject English Pedagogy Didactics Literature Studies grade 1.0 University of Hamburg language English abstract The idea of creativity in the classroom first came up in the 1970s as a means of Erneuerung Veränderung und Selbstentfaltung and in order to combat Verkrustung Erstarrung und Routine Thaler in Klippel 2008 236 At first merely German lessons were affected by this new trend but soon afterwards it became a part in foreign language teaching as well Today creative writing is considered by many scholars as an important component of teaching foreign languages In the following it will be discussed what creative writing actually is and why it is important Furthermore the process character and the question how creative writing should be marked will be examined
