Westboro Baptist Church Murray witnessed firsthand the limitations of the more speech approach as well as the combative tactics of anti fascist activists She argues that this latter group commonly known as antifa embodies a radically different strategy for combating hate one that explodes the myth of content neutrality and reveals hate speech to be a tactic of fascist organizing with very real highly anti democratic consequences Drawing on communication theory and this on the ground experience Murray presents a new strategy which she calls allied tactics rooted in the commitment to affirm support and even protect those who are the victims of hate speech Engaging and sophisticated Combating Hate contends that there are concrete ways to fight hate speech from the front lines Murray s urgent argument that we reconsider how to confront and fight this blight on American life is essential reading for the current era
