Elmer Schwieder, Dorothy Schwieder

Buxton A Black Utopia In The Heartland Bur Oak:

Buxton Dorothy Schwieder, Joseph Hraba, Elmer Schwieder, 2003-10 From 1900 until the early 1920s an unusual community existed in America's heartland Buxton Iowa Originally established by the Consolidation Coal Company Buxton was the largest unincorporated coal mining community in Iowa What made Buxton unique however is the fact that the majority of its 5 000 residents were African Americans a highly unusual racial composition for a state which was over 90 percent white At a time when both southern and northern blacks were disadvantaged and oppressed blacks in Buxton enjoyed true racial integration steady employment above average wages decent housing and minimal discrimination For such reasons Buxton was commonly known as the black man's utopia in Iowa Containing documentary evidence including newspapers census records photographs and state mining reports along with interviews of 75 former residents Buxton Work and Racial Equality in a Coal Mining Community originally published in 1987 and winner of the 1988 Benjamin Shambaugh Award explored the Buxton experience from a variety of perspectives The authors an American historian a family sociologist and a race relations sociologist provided a truly interdisciplinary history of one Iowa's most unique communities Now eighty years after the town's demise and fifteen years after Buxton's original publication the history of this Iowa town remains a compelling story that continues to capture people's imaginations In Buxton A Black Utopia in the Heartland the authors offer further reflections upon their original study and the many former Buxton residents who shared their memories In the new essay A Buxton Perspective issues such as social class and the town's continuing legacy are addressed The voices captured in Buxton although recorded over twenty years ago still resonate with exuberance affection and poignancy this expanded edition will bring their amazing stories back to the forefront of Iowa and American history

A Peculiar People Elmer Schwieder, Dorothy Schwieder, 2009-04 Now back in print with a new essay this classic of Iowa history focuses on the Old Order Amish Mennonites the state's most distinctive religious minority Sociologist Elmer Schwieder and historian Dorothy Schwieder began their research with the largest group of Old Order Amish in the state the community near Kalona in Johnson and Washington counties in April 1970 they extended their studies and friendships in later years to other Old Order settlements as well as the slightly less conservative Beachy Amish A Peculiar People explores the origin and growth of the Old Order Amish in Iowa their religious practices economic organization family life the formation of new communities and the vital issue of education Included also are appendixes giving the 1967 Act Relating to Compulsory School Attendance and Educational Standards a sample Church Organization Financial Agreement demonstrating the group's unusual but advantageous mutual financial system and the 1632 Dortrecht Confession of Faith whose eighteen articles cover all the basic religious tenets of the Old Order Amish Thomas Morain's new essay describes external and internal issues for the Iowa Amish from the 1970s to today The growth of utopian Amish communities across the nation changes in occupation although The Amish Directory still lists buggy shop operators wheelwrights and one lone horse dentist the current state of education

and health care and the conscious balance between modern and traditional ways are reflected in an essay that describes how the Old Order dedication to Gelassenheit the yielding of self to the interests of the larger community has served its members well into the twenty first century Green, Fair, and Prosperous Charles Connerly, 2020-09-01 At the center of what was once the tallgrass prairie Iowa has stood out for clearing the land and becoming one of the most productive agricultural states in the nation But its success is challenged by multiple issues including but not limited to a decline in union representation of meatpacking workers lack of demographic diversity the advent of job replacing mechanization growing income inequality negative contributions to and effects of climate change and environmental hazards To become green fair and prosperous Connerly argues that Iowa must reckon with its past and the fact that its farm economy continues to pollute waterways while remaining utterly unprepared for climate change Iowa must recognize ways in which it can bolster its residents standard of living and move away from its demographic tradition of whiteness For development to be sustainable society must balance it with environmental protection and social justice Connerly provides a crucial roadmap for how Iowans can move forward and achieve this balance

A Dictionary of Iowa Place-Names Tom Savage, 2007-08 Lourdes and Churchtown Woden and Clio Emerson and Sigourney Tripoli and Waterloo Prairie City and Prairieburg Tama and Swedesburg What Cheer and Coin Iowa s place names reflect the religions myths cultures families heroes whimsies and misspellings of the Hawkeye State s inhabitants Tom Savage spent four years corresponding with librarians city and county officials and local historians reading newspaper archives and exploring local websites in an effort to find out why these communities received their particular names when they were established and when they were incorporated Savage includes information on the place names of all 1 188 incorporated and unincorporated communities in Iowa that meet at least two of the following qualifications twenty five or more residents a retail business an annual celebration or festival a school church or cemetery a building on the National Register of Historic Places a zip coded post office or an association with a public recreation site If a town s name has changed over the years he provides information about each name if a name s provenance is unclear he provides possible explanations He also includes information about the state s name and about each of its ninety nine counties as well as a list of ghost towns The entries range from the counties of Adair to Wright and from the towns of Abingdon to Zwingle from Iowa s oldest town Dubuque starting as a mining camp in the 1780s and incorporated in 1841 to its newest Maharishi Vedic City incorporated in 2001 The imaginations and experiences of its citizens played a role in the naming of Iowa s communities as did the hopes of the huge influx of immigrants who settled the state in the 1800s Tom Savage s dictionary of place names provides an appealing genealogical and historical background to today s map of Iowa It is one of the beauties of Iowa that travel across the state brings a person into contact with so many wonderful names some of which a traveler may understand immediately but others may require a bit of investigation Like the poet Stephen Vincent Ben t we have fallen in love with American names They are part of our soul be they family names town names or artifact

names We identify with them and are identified with them and we cannot live without them This book will help us learn more about them and integrate them into our beings from the foreword by Loren N Horton Primghar O'Brien County Primghar was established by W C Green and James Roberts on November 8 1872 The name of the town comes from the initials of the eight men who were instrumental in developing it A short poem memorializes the men and their names Pumphrey the treasurer drives the first nail Roberts the donor is quick on his trail Inman dips slyly his first letter in McCormack adds M which makes the full Prim Green thinking of groceries gives them the G Hayes drops them an H without asking a fee Albright the joker with his jokes all at par Rerick brings up the rear and crowns all Primghar Primghar was incorporated on February 15 1888
