Cracking Your Congregations Code Mapping Your Spiritual Dna To Create Your Future:

Cracking Your Congregation's Code Robert Norton, Richard Southern, 2001-09-24 Discover your unique strengths and values and what God wishes for the future of your church All congregations want to thrive and remain vibrant but it s not always easy Many approaches to growth and renewal don t quite fit because they don t take into account the spiritual DNA of the congregation those intrinsic characteristics that give each congregation its unique identity Cracking Your Congregation s Code provides a practical program for reaching the heart of what must be done to survive and thrive This unique book guides clergy and lay leaders to create or revisit their mission vision and values The authors proven field tested change process will help congregations in any setting refocus on what really matters in ministry welcoming nurturing empowering and serving new and current members

The Hidden Lives of Congregations Israel Galindo, 2004-11-30 Faced with crisis lack of direction or just plain stuckness many congregations and their leaders are content to deal only with surface issues and symptoms only to discover that the same problems keep recurring often in different and more serious ways In The Hidden Lives of Congregations Christian educator and consultant Israel Galindo takes leaders below the surface of congregational life to provide a comprehensive holistic look at the corporate nature of church relationships and the invisible dynamics at play Informed by family systems theory and grounded in a wide ranging ecclesiological understanding Galindo unpacks clearly the factors of congregational lifespan size spirituality and identity and shows how these work together to form the congregation s hidden life He provides useful tools for diagnosing and understanding how one s congregation fits into the various categories he names and suggests what leadership skills are necessary to get beyond the impasse of surface issues and help the congregation achieve its mission The Hidden Lives of Congregations provides one of the most far reaching looks into the invisible nature of faith communities written in recent years For seminaries and divinity schools it provides a standard text for getting a solid start in congregational practices for experienced pastors it provides support for renewing ministry for lay leaders and committees it offers insight to deepening mutual ministry Israel Galindo has written an indispensable manual that leaders will return to repeatedly for new wisdom and guidance

Doing Good, Well Dr. Craig A. Bell, 2020-03-20 This book is an attempt to synthesize the logic of mathematics organizational behavioral management policy of an MBA and ecclesial scholarship of a Doctorate of Strategic Leadership into the pages of one book This book begins with the premise that similar to corporate leaders faith based leaders are also capable of implementing these skills and resources to maximize the efficiency of church organizations It is critical that they have a full toolkit of resources to leverage when administering their organizations It also acknowledges and recognizes that a life fully engaged in active ministry doesn t necessarily allow time to pursue degrees in each of the aforementioned subjects As a result Dr Bell has attempted to create a medium through which ecclesial practitioners and scholars may review these various topics to obtain insight Similar to survey courses in college readers should see it as a beginning point for further exploration Take from it

what you will and apply it to your God given vision Use it as a springboard to the progressively revealed Will of God for the effective administration of your call Cultivating Perennial Churches Robert D. Dale,2008 *Transitional Ministry* Molly Dale Smith,2009-06-01 Transition is the word we use to describe the time following significant change In congregations that change might be the departure of the pastor a catastrophe such as Hurricane Katrina or 9 11 or simply the changes caused by growth Transition calls for clergy with special training to respond to the needs generated by the special time Task training and time limit are the hallmarks of transitional ministry Trained intentional interim clergy must have the skill and experience to lead congregations during transition However transitional or interim ministry has a bad reputation in some places As one diocesan leader said We have never had a church in this diocese that was so bad off that an interim was needed Indeed there are some sick churches but most congregations have some good things happening and some things that need attention Intentional interim ministry can be medicine for the sick but in most cases it is better compared to vitamins that are taken to promote health This book seeks to clear up misconceptions about transitional ministry and present an accurate and up to date picture of transitional ministry and to describe the various settings in which this specialized ministry can be helpful Chapter authors all expert in transitional ministry in mainline Protestant denominations include Robert Friedrich John Keydel George Martin Loren Mead Barry Miller Nancy Miller Ineke Mitchell Ken Ornell Molly Dale Smith and Rob Voyle **Holy Places** Nancy DeMott,Tim Shapiro,Brent Bill,2007-11-19 Building communicate Stained glass windows high altars multi purpose worship gymnasium spaces Plexiglas pulpits padded pews these and all other architectural elements say something about a congregation s theology and mission They point to a faith community s beliefs about worship identity purpose and more From the stark simplicity of a Quaker meetinghouse to the splendor of a Romanesque Revival building sacred spaces speak loudly What they say can either reinforce a congregation s mission or detract from it Holy Places is designed to be used by congregations who are involved in or are contemplating work on their facilities This could include renovation remodeling expansion or building No matter how extensive the project approaching the work with mission at the forefront is the key to having a final result that strengthens the congregation s ministry The process outlined in this book discern decide do lets congregations begin where they are and provides the help they need to move to the next level The Publishers Weekly ,2001 *SoulTypes* Robert Norton,Richard Southern,2004-03-19 We are all wired for God but our needs inclinations and personalities are all different Using the metaphor of spiritual DNA SoulTypes will help you assess your own inborn qualities and find a spiritual path that will support your quest for a richer fuller more integrated life If you consider yourself spiritual but not religious SoulTypes will help you discover just what works for you With its inventory and assessment to guide you to discover and interpret your spiritual type SoulTypes helps you in answering the most profound questions Who am I What is my authentic identity What s important to me What are my values my gifts my passions Why am I here What is my purpose or mission in life Where am I going What is my vision of my future **Subject Guide to Books in Print** ,2001
