Crafting Cultural Rhetorics Readings For University Writers 3rd Ed:

Readings in Writing Courses Richard C. Raymond, 2010-12-01 As the title suggests this six chapter book responds to a question which in Western culture goes back to Plato Aristotle Cicero and Quintilian namely What should rhetoric teachers ask their students to read Primarily historical the first two chapters trace conflicting answers to the question above focusing on two constructive results of the debate the re invention of rhetoric and writing as a discipline a coherent and growing body of knowledge and as a result the emergence of independent departments of writing free from departments of English free therefore to develop their own curriculum and to manage their own budgets Additionally the second chapter examines two destructive consequences of this debate the ban of literature from writing courses where students might profitably study both and as a result the often painful departmental splits which not only separate former colleagues but also cramp the pedagogy of those trained to teach both writing and literature More than a survey of key publications this chapter encourages readers to honor the discipline of rhetoric but to make a place for literature on their composition syllabi The next four chapters provide pedagogical support for these chief claims that literature can and should be taught in writing courses and that such readings need not distract students from the primary text their own writing On the contrary these readings motivate serious writing when students feel invited into a conversation on issues that touch their lives These pedagogical chapters then move entering professionals from the theoretical debate to the application of theory therefore the book would serve well professors of courses in composition theory particularly those who enjoy teaching the conflicts and preparing their graduate students to design assignments and courses that apply theories of learning reading and composing *Poetry in Pedagogy* Dean A. F. Gui, Jason S. Polley, 2021-03-30 The essays compiled in *Poetry in Pedagogy* Intersections Across and Between the Disciplines offer praxes of poetry that cultivate a community around students language and writing while presenting opportunities to engage with new texts new textual forms and new forms of text mediated learning The volume considers combines and complements multiform poetry within and beyond existing Teaching Learning paradigms as it traverses Asia The Atlantic and Virtual Space By virtue of its m lange of intersecting trajectories across and between oceans genres disciplines and sympathies *Poetry in Pedagogy* informs interdisciplinary educators and practitioners of creative writing poetry involved in examining the multiform through international cross disciplinary contexts **(Re)Considering What We Know** Linda Adler-Kassner, Elizabeth Wardle, 2020-01-10 Naming What We Know Threshold Concepts of Writing Studies published in 2015 contributed to a discussion about the relevance of identifying key concepts and ideas of writing studies Re Considering What We Know continues that conversation while simultaneously raising questions about the ideas around threshold concepts Contributions introduce new concepts investigate threshold concepts as a framework and explore their use within and beyond writing Part 1 raises questions about the ideologies of consensus that are associated with naming threshold concepts of a discipline Contributions challenge the idea of consensus and seek to expand both the

threshold concepts framework and the concepts themselves Part 2 focuses on threshold concepts in action and practice demonstrating the innovative ways threshold concepts and a threshold concepts framework have been used in writing courses and programs Part 3 shows how a threshold concepts framework can help us engage in conversations beyond writing studies Re Considering What We Know raises new questions and offers new ideas that can help to advance the discussion and use of threshold concepts in the field of writing studies It will be of great interest to scholars and graduate students in writing studies especially those who have previously engaged with Naming What We Know Contributors Marianne Ahokas Jonathan Alexander Chris M Anson Ian G Anson Sarah Ben Zvi Jami Blaauw Hara Mark Blaauw Hara Maggie Black Dominic Borowiak Chris Castillo Chen Chen Sandra Descourtis Norbert Elliot Heidi Estrem Alison Farrell Matthew Fogarty Joanne Baird Giordano James Hammond Holly Hassel Lauren Heap Jennifer Heinert Doug Hesse Jonathan Isaac Katie Kalish P raic Kerrigan Ann Meejung Kim Kassia Krzus Shaw Saul Lopez Jennifer Helane Maher Aishah Mahmood Aimee Mapes Kerry Marsden Susan Miller Cochran Deborah Mutnick Rebecca Nowacek Sarah O'Brien l l dip Peggy O'Neill Cassandra Phillips Mya Poe Patricia Ratanapraphart Jacqueline Rhodes Samitha Senanayake Susan E Shadle Dawn Shepherd Katherine Stein Patrick Sullivan Brenna Swift Carrie Strand Tebeau Matt Thul Nikhil Tiwari Lisa Tremain Lisa Velarde Kate Vieira Gordon Blaine West Anne Marie Womack Kathleen Blake Yancey Xiaopei Yang Madylan Yarc

Recording for the Blind & Dyslexic, ...
