Dancing the Sacred Wheel Frances Billingham, 2019-03-25 There are eight seasonal festivals referred to as sabbats that make up the Wheel of the Year. Dancing the Sacred Wheel draws on the author's own personal experience of following a traditional Pagan spiritual path and creating ritual over 20 years in southern Australia. Combining traditional Pagan lore with history in order to develop a relationship with her local environment, the author also offers invaluable pointers as to how to incorporate the localised elements into something that also provides a traditional feel. Dancing the Sacred Wheel not only provides an in-depth look at the folklore and myth associated with each sabbat but also discusses ways of creating specific rituals and observances that acknowledge each seasonal gateway when the local environment is reflecting something completely different. Dancing the Sacred Wheel challenges the reader regardless of which hemisphere they reside to draw inspiration from their environment and to create their own unique Wheel of the Year.
