## **Crapy Cornelia:**

Crapy Cornelia (Annotated) Henry James, 2016-09-30 Crapy Cornelia was first published in Harper's Magazine in October 1909. It is one of a number of stories he wrote which reflect on the time he had spent away from his native America living in Europe. It also deals with an issue to which he returned over and over again: the decision regarding marriage or bachelorhood. This story combines two themes which occur frequently in James's late tales: the fear of marriage and the lost opportunity or what might have been. And it puts them into a context of nostalgia highlighted by his own return to the USA in 1904 after an absence of twenty-one years.

**Crapy Cornelia (1909)** Henry James, 2016-04-03 This early work by Henry James was originally published in 1909 and we are now republishing it with a brand new introductory biography. Henry James was born in New York City in 1843. One of thirteen children, James had an unorthodox early education, switching between schools, private tutors, and private reading. James published his first story, 'A Tragedy of Error', in the *Continental Monthly* in 1864 when he was twenty years old. In 1876 he emigrated to London, where he remained for the vast majority of the rest of his life, becoming a British citizen in 1915. From this point on, he was a hugely prolific author, eventually producing twenty novels and more than a hundred short stories and novellas, as well as literary criticism, plays, and travelogues. Amongst James's most famous works are *The Europeans* (1878), *Daisy Miller* (1878), *Washington Square* (1880), *The Bostonians* (1886), and one of the most famous ghost stories of all time, *The Turn of the Screw* (1898). We are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.

Haralson, Kendall Johnson, 2009 Examines the life and writings of Henry James, including detailed synopses of his works, explanations of literary terms, biographies of friends and family, and social and historical influences.

*The Fabric of American Literary Realism* Babak Elahi, 2014-01-10 This critical study traces the connections between the rising economic importance of the garment industry and the advent of a powerful movement towards literary realism in American fiction. Examining the works of Henry James, Theodore Dreiser, Abraham Cahan, Anzia Yeziarska, and Willa Cather, and the shifting of the American ideal from the homespun to the ready-made, it explains how that cultural and psychological change appeared in the new literature of the nation.
