Creating Literacy Instruction For All Children:

Creating Literacy Instruction for All Children Thomas G. Gunning, 2000 *Creating Literacy Instruction for All Children* is a comprehensive practical text that provides its readers with step by step guidance for teaching all major aspects of reading and writing Gunning's text helps students discover approaches and techniques that fit teachers' personal styles and situations. It aims to present as fairly completely and clearly as possible the major methods and strategies shown to be successful in research and practice. The text features sample lessons for virtually every major literacy skill strategy and offers numerous reinforcement suggestions and generous listings of materials. With two updated chapters on word analysis skills strategies, the text continues to give teachers the information and techniques they need to implement a systematic and functional program of word analysis that is integrated with students' reading and writing. The text also presents the theory behind the methods so students will be free to choose, adapt, and/or construct their own approaches as they create literacy instruction. This edition endorses the viewpoint that a well-prepared classroom teacher is capable of effectively instructing most struggling readers and writers.

Creating Literacy Instruction for All Students Thomas G. Gunning, 2010 This book recognizes that reading is part of a larger language process and gives readers the theories behind the methods and encourages them to choose, adapt, and construct their own approaches as they create a balanced literacy program. Emphasis on adapting instruction for English language learners, struggling readers, and writers.

Creating Literacy Instruction for All Students Thomas G. Gunning, 2019 The most comprehensive PreK-8 literacy text on the market, packed with practical instruction and assessment strategies that support the literacy development of all learners. *Creating Literacy Instruction for All Students* includes in-depth coverage of every major topic and research-based strategy in literacy education. Readers will gain a thorough understanding of every essential theory and practical technique, then choose which strategies best fit their students' needs and their personal teaching style. Unique text features include three chapters dedicated to comprehension, an Academic Word List adapted for elementary and middle school students arranged by difficulty level of words, specialized techniques for teaching difficult phonics elements, formative phonics, syllabic analysis, and comprehension assessments that are easy to administer and analyze. Comprehension techniques such as mystery passages, using manipulatives, macro, close, and writing intensive reading, comprehension stage of development, explanations on using extensive databases of Lexiled informational texts, and step-by-step guidance for teaching reading and writing, including sample lessons for virtually every major literacy skill strategy that incorporate the key elements of effective assessment and instruction. The 10th Edition highlights technology's increasing role and use in both literacy assessment and instruction and incorporates new research studies that show how educators can support their students in reaching grade-level requirements.
