Creating Wealth from Scratch Chris Humphreys, 2017-02-21 Think you'll be ready when opportunity knocks Perhaps the better question is why aren't you creating that opportunity right now My little tale is about exploring the power of ideas and their potential to create great wealth in our lives It's also about the importance of determination and how taking consistent action over time can turn something small into long term wealth Along the way we'll begin to examine the importance of leverage and how it can take many forms J D writes What you give is what you get is an everyday phrase that definitely applies to *Creating Wealth From Scratch* This tale isn't long but it can make quite the impact in your life if you let yourself really take in the lessons presented to embrace your potential Patience is a virtue and it is also a path to enlightenment wealth and happiness The story is simple and sounds like an age old fairy tale The thing is that when you look at the story through the lens of your reality its applications are plenty So by all means give this book a read and look for the takeaway for it is there if you give yourself the opportunity to see it How often have you passed right over something of great value and not noticed it Whether we realize it or not we all hold assumptions about how the world works that are so basic we don't even think about them anymore We just accept them as true And yet these same assumptions absolutely have a profound impact on the results we get in life These assumptions are buried deep So deep in fact that we may not even be aware of what they are and of the myriad subtle ways that they control our decisions moment to moment And therein lies a complication It's hard work to try to ferret out the sort of assumptions that are so basic we don't even realize that we have them Shelly writes I was already familiar with some of this writer's work so I expected brilliance and got just that I read *Creating Wealth From Scratch* several weeks ago and it is still reaching back at me with both challenge and inspiration I wonder about there being a calling on my life that I may not have stepped up to in season and if I've missed it I sure hope that season comes by again and I recognize it

How To Create Your Own Value In These Pages This book is not about some magic formula get rich scheme or checklist Rather I wrote it to spark something in you It's to start you thinking about possibilities and reexamining your own assumptions about what your path to wealth might look like Each of us has an opportunity each and every day is to create our own value It's not easy to unpack yourself and get to the core ideas that make you tick but I want to encourage you to make the effort Dig a little deeper and CREATE the value for yourself based on an introspection on what's been going on in your own life Think about the lessons in the story and how they apply to YOU The

more you put in the more you ll get out It s as simple as that After all your core ideas and beliefs are what effect your decisions and those decisions more than anything have gotten you to this point where you are now in life If you want change in your life you ve got to change the core beliefs that make up you Susan writes I am struck with the lessons the villagers learned from a child who led them It is an amazingly simple parable but a great inspiration Even if you don t own a Kindle this book will load in your browser at <http://read.amazon.com> or via the free Kindle App This is the book for you Scroll up and click Buy Now
