Creation Compromises Bert Thompson,2000 *Creation Compromises* Bert Thompson,1995 *Evidences for God and His Creations: Nature, the Flood, and the Bible* Dr. T. J. Tofflemire,2011-07-21 This book provides summary apologetics from about 200 references It is unique in that many authors with differing viewpoints are put together in brief key point summaries Some of the books covered are 1100 pages long The original authors views are briefly integrated and compared The different views of creation are also discussed and compared and given a open minded weighing Are you concerned about the fact that 70% of our youth no longer attend church and do not have a biblical world view The naturalistic or humanistic world view they adopt from schooling favors the following 1 Man evolved from primates and is a biological machine with no purpose 2 There is no source of true morals and thus morals are relative and determined by whatever a given group decides or whatever is most popular 3 Since man is only and animal there is no basis for individual human rights only rights for the masses There are some good arguments provided in the book to counter all of this and provide a biblical world view These arguments are brief and easy to share in witnessing situations *Origins* Larry Boohar,2020-07-07 *Origins* Speak to the Earth is an anthology of scientific evidence supporting a creation global flood young earth worldview It is written primarily for students as an alternative to the theory of evolution God himself formed the earth and made it he hath established it he did not create it a waste place he created it not in vain he formed it to be inhabited Isaiah 45 18 *How Do We Know the Bible Is True Volume 2* Ken Ham,Bodie Hodge,2013-01-04 Unless otherwise noted Scripture quotations are from the New King James Version of the Bible T p verso **Bible: Two Proofs and Two Mis-Translations** Jesse Clopton James,2016-12-01 The gaps in this Huntsville AL limestone were likely caused by some event somewhere on earth such as a meteoroid impact or a volcanic eruption that killed sea organisms and land animals for a few thousands of years The mountains and the hills will burst into song before you Isaiah 55 12 NIV Learning something about nature is learning something about God *I Am Love* Eric E. Puosi,2007-12 In this work which is both original and faithful to the Magisterium of the Catholic Church the author develops a theological system that springs from an ontological relational understanding of the Johannine passage Catholic *God, Freedom, and the Body of Christ* Alexander J. D. Irving,2020-10-13 A contribution to the end of the Church knowing itself as the body of Christ Irving articulates a theology of the Church as that which participates in all that Jesus is in his vicarious humanity by the power of the Spirit This is developed through a dialogical or covenantal frame that has its focal point in Christ in whom the faithful love of God toward creation and the faithful love of creation toward God is actualized The Church as the body of Christ participates in the mediatorial work of Jesus Christ Each chapter explores a different element of this participatory ecclesiology This book offers a constructive ecclesiology built from the ground up on the foundation of a dialogical perspective which has participation in Christ as its controlling center This foundation provides the basis upon which an exhilarating vision of the Church can be built to encourage Christians to cherish

the Church as the body of Christ which participates in the triune communion through being included into the Son by the power of the Spirit and comes to reflect the triune God in its own structures
