Creation Of Israel

Walter Melville Patton

Creation Of Israel:

The Creation of Israel Phillip Margulies, 2005 Israel's creation in 1948 was the fulfillment of an ancient dream for the persecuted Jewish people the culmination of 75 years of Zionist diplomacy and settlement and a disaster for 700 000 Palestinian refugees This anthology examines the forces that led to the creation of Israel and the unresolved issues that continue to rivet the world's attention to this small strip of land on the Mediterranean Sea *The Creation of Israel* Jim Whiting, 2020-02-04 The formation of the State of Israel in 1948 is one of the most important events in recent History About 3 000 years ago Israel was a powerful nation But it soon fell from power and in the second century CE most Jews were forced out of their homeland Many went to Europe where they were subject to prejudice and persecution for centuries By far the worst case was the Holocaust in which six million Jews were killed Their suffering accelerated a move toward the development of a Jewish state in what came to be called Palestine However Palestine was the home to hundreds of thousands of Arabs Conflict between the two sides was inevitable Open warfare broke out after the United Nations voted to partition Palestine into a Jewish state and an Arab state Though the Israelis achieved their independence the region has never known true peace *The Creation of the State of Israel* Myra Immell, 2009-10-16 Tensions in the Middle East are due to a number of reasons with the creation of Israel being among them Give readers a much needed survey of several lively debates relating to the creation of the state of Israel Essay sources include The Times of London The Jerusalem Post and The Higher Arab Committee While essayist Jamal el Hussein argues that Palestine should not be partitioned Abba Hillel Silver argues that Palestine should be partitioned Sequenced in the pro versus con format these essays will activate your readers critical thinking skills Once seating reader's deeply in the debates personal narratives are then shared by those living with the issues of disharmony between Palestine and Israel Narratives include a student celebrating the dawn of the Jewish state and a young immigrant who joins the Haganah **The Narration of Creation** R.E. Franzen M.Div. BCC, 2025-01-26 Imagine sitting at the feet of Jesus with Him telling you His very own story of how He created you Who better to tell God's story about you than God Himself How do we hear the purity of that story The Narration of Creation shares a progression through God's revelation of the Genesis creation in a fresh inspirational way It describes two lenses in which we interpret through and the contrast between the two God intended His story to unfold from His perspective a top down perspective rather than from the usual ground up viewpoints This study reveals the very person and nature of God Himself and in doing so offers new contributions to our understanding of God's creation story Hearing the purity of the creation narrative allows you to discover your true identity find security and belonging and feel valued and loved beyond measure Uplifting and enlightening this devotional style study invites you to view the creation story through the lens of God's attributes and nature *The Idea of Creation* William Caldwell, 1909 *The Creation of Israel* Linda Jacobs Altman, 1998 Provides a historical overview of the treatment of Jews and discusses the role of various individuals and specific events in leading to the creation of the state of

Israel in 1948 **The Banner of Israel** ,1925 *Timeless Torah* Samson Raphael Hirsch,1957 Race J. Kameron Carter,2008-09-02 In *Race A Theological Account* J Kameron Carter meditates on the multiple legacies implicated in the production of a racialized world and that still mark how we function in it and think about ourselves These are the legacies of colonialism and empire political theories of the state anthropological theories of the human and philosophy itself from the eighteenth century Enlightenment to the present Carter s claim is that Christian theology and the signal transformation it along with Christianity underwent is at the heart of these legacies In that transformation Christian anti Judaism biologized itself so as to racialize itself As a result and with the legitimation of Christian theology Christianity became the cultural property of the West the religious ground of white supremacy and global hegemony In short Christianity became white The racial imagination is thus a particular kind of theological problem Not content only to describe this problem Carter constructs a way forward for Christian theology Through engagement with figures as disparate in outlook and as varied across the historical landscape as Immanuel Kant Frederick Douglass Jarena Lee Michel Foucault Cornel West Albert Raboteau Charles Long James Cone Irenaeus of Lyons Gregory of Nyssa and Maximus the Confessor Carter reorients the whole of Christian theology bringing it into the twenty first century Neither a simple reiteration of Black Theology nor another expression of the new theological orthodoxies this groundbreaking book will be a major contribution to contemporary Christian theology with ramifications in other areas of the humanities Family and Household Religion in Ancient Israel and the Levant Rainer Albertz,Rüdiger Schmitt,2012-04-12 During the past several decades family and household religion has become a topic of Old Testament scholarship in its own right fed by what were initially three distinct approaches the religious historical approach the gender oriented approach and the archaeological approach The first pursues answers to questions of the commonality and difference between varieties of family religion and describes the household and family religions of Mesopotamia Syria Ugarit Israel Philistia Egypt Greece and Rome Gender oriented approaches also contribute uniquely important insights to family and household religion Pioneers of this sort of investigation show that although women in ancient Israelite societies were very restricted in their participation in the official cult there were familial rituals performed in domestic environments in which women played prominent roles especially as related to fertility childbirth and food preparation Archaeologists have worked to illuminate many aspects of this family religion as enacted by and related to the nuclear family unit and have found evidence that domestic cults were more important in Israel than has previously been understood One might even conceive of every family as having actively partaken in ritual activities within its domestic environment *Family and Household Religion in Ancient Israel and the Levant* analyzes the appropriateness of the combined term family and household religion and identifies the types of family that existed in ancient Israel on the basis of both literary and archaeological evidence Comparative evidence from Iron Age Philistia Transjordan Syria and Phoenicia is presented This monumental book presents a typology of cult places that extends from domestic cults

to local sanctuaries and state temples It details family religious beliefs as expressed in the almost 3 000 individual Hebrew personal names that have so far been recorded in epigraphic and biblical material The Hebrew onomasticon is further compared with 1 400 Ammonite Moabite Aramean and Phoenician names These data encompass the vast majority of known Hebrew personal names and a substantial sample of the names from surrounding cultures In this impressive compilation of evidence the authors describe the variety of rites performed by families at home at a neighborhood shrine or at work Burial rituals and the ritual care for the dead are examined A comprehensive bibliography extensive appendixes and several helpful indexes round out the masterful textual material to form a one volume compendium that no scholar of ancient Israelite religion and archaeology can afford not to own The Future Restoration of Israel Stanley E. Porter, Alan E.

Kurschner, 2023-06-02 This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel These essays put forward the position that unconditional promises were given to Israel which have not been fulfilled in the church or any other entity At the consummation there will be a continuing role for the Jews realized through their national and territorial hope of a restored redeemed Israel This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation The essays exhibit both positive argumentation and engagement with supersessionist literature *Israel's Account of the*

Beginnings Walter Melville Patton, 1916 **Theology of the Old Testament** Walter Brueggemann, 2005 In this powerful book Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh the God of Israel This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time

History of the People of Israel: From the reign of David up to the capture of Samaria Ernest Renan, 1903 **Leaders of Israel** George Livingston Robinson, 1907 *History of the People of Israel: From the reign of David up to the capture of Samaria. 1896* Ernest Renan, 1889 *Myth and Legend of Ancient Israel* Angelo Solomon Rappoport, 1928 **History of the People of Israel: From the reign of David up to the capture of Samaria. 1894** Ernest Renan, 1894 The Religion of Israel John Bayne Ascham, 1918 Israel's Messenger, 1929
