Revivals: Literary Fat Ladies (1987) Patricia Parker, 2016-10-04 First published in 1987 the essays in this volume focus on questions of gender property and power in the use of rhetoric and the practice of literary genres and provide a historicised cultural critique They analyse the links between rhetoric and property but also representations of women as unruly excessive teleology breaking figures intermeshing with feminist theory in the wake of Freud Lacan and Derrida A wide variety of texts from Genesis to Freud by way of Shakespeare Milton Rousseau and Emily Bront are examined held together by a concern for the entanglements of rhetorical questions of literary plotting hierarchy ideological framing and political consequence

Martin Buber on Myth (RLE Myth) S. Daniel Breslauer, 2015-03-05 This book first published in 1990 summarizes and evaluates the contribution of Martin Buber as a theorist of myth Buber provides explicit guidelines for understanding and evaluating myths He describes reality as twofold people live either in a world of things to which they relate as a subject controlling its objects or in a world of self conscious others with whom one relates as fellow subjects Human beings require both types of reality but also a means of moving from one to the other Buber understands myths as one such means by which people pass from I It reality to I You meeting In studying myths he focuses on the myths in the traditions he knows best but offers his advice and interpretation of mythology and scholarship about mythology generally *The Mythology of Eden* Arthur George, Elena George, 2014-05-23 The biblical story of Adam and Eve in the Garden of Eden is a cornerstone of Western civilization yet there are still many mysteries concerning its origins and meaning In *The Mythology of Eden* Arthur and Elena George utilize new historical and archaeological discoveries to reveal how the story's author uses veiled symbolism and mythological storytelling to convey his message about the most profound questions of human existence regarding the divine life death and immortality This innovative book offers an interdisciplinary interpretation of the Eden story that delves into incorrect assumptions and brings to light details that have previously gone unnoticed *The Mythology of Eden* provides a new understanding of the story of Adam and Eve and illuminates the story's role and meaning in our modern world

Routledge Library Editions: Myth Various Authors, 2022-07-30 Routledge Library Editions Myth reissues four out of print classics that touch on various aspects of mythology One book looks at the work of Martin Buber on myth and another on the school of Gernet classicists Another book studies comparative mythology and the work of Joseph Campbell and the last book in the set looks at the role of the gods and their stories in Indo European mythology *The Creation of Woman* Theodor Reik, 2020-04-23 Theodor Reik attempts to unravel the mystery of the Eve myth he begins with the two conflicting versions of the creation of woman in Genesis In one passage Genesis states that God created man in his own image male and female created he them and in a subsequent passage that God made Adam first and then created Eve out of Adam's rib Various interpretations offered by the rabbis the poets theologians and Biblical scholars are examined and the author shows how the

statement that Eve was fashioned from Adam's rib is still unexplained despite the efforts of higher criticism anthropology and the comparative science of religion Dr Reik offers a unique approach to the problem of the creation of woman forming his own original and exciting assumptions Using the findings of archaeology and anthropology as well as psychoanalysis he explores the dark world of ritual the tribal mysteries of primitive societies in which boys at puberty were supposed to die and be resurrected before they were permitted to marry Analytic comparison of the Eve myth with primitive ritual leads to the reconstruction of the primal form of the Biblical story and to the suggestion that it was not concerned with the birth of Eve but with the rebirth of the ancestral Adam The author also suggests the possibility of a mother goddess in a still earlier phase of the Hebrew religion The late Theodor Reik is the author of *Listening with the Third ear* *The Secret Self* *Myth and Guilt* and *Mystery on the Mountain*
