**The Creative Critic** Katja Hilevaara, Emily Orley, 2018-04-17 As practitioner researchers how do we discuss and analyse our work without losing the creative drive that inspired us in the first place Built around a diverse selection of writings from leading researcher practitioners and emerging artists in a variety of fields The Creative Critic Writing as about Practice celebrates the extraordinary range of possibilities available when writing about one's own work and the work one is inspired by It re-thinks the conventions of the scholarly output to propose that critical writing be understood as an integral part of the artistic process and even as artwork in its own right Finding ways to make the intangible nature of much of our work count under assessment has become increasingly important in the Academy and beyond The Creative Critic offers an inspiring and useful sourcebook for students and practitioner researchers navigating this area Please see the companion site to the book <http://www.creativecritic.co.uk> where some of the chapters have become unfixed from the page
