What the Tech? Rachele Dene Poeth, 2025. With artificial intelligence, AI, augmented reality, AR, virtual reality, VR, blockchain, non fungible tokens, NFTs, the metaverse, and Web3 being used in the world of work and education, students need opportunities to learn about, explore, and create with emerging technologies. At the same time, educators need the right resources to stay current with the changes and be able to provide the guidance students need to develop the skills that are essential today and are likely to be in demand for the jobs of the future. Based on a course developed by the author, this book explores how to create impactful learning experiences so that students can apply their knowledge to real world problems, collaborate with peers from around the world, and develop critical thinking skills while expanding their understanding of the world and their place in it.

Artful AI in Writing Instruction Brett Vogelsinger, 2025-05-14. Discover strategies to use AI thoughtfully in every stage of the writing process without compromising creativity or critical thinking. Feeling conflicted about integrating artificial intelligence, AI, into your writing instruction? You're not alone. In a world where AI-generated text can seem like a writing teacher's enemy, incorporating it into writing instruction may feel like an act of betrayal. The advent of generative AI might feel like one more thing eroding students' capacity for deep thinking. Artful AI in Writing Instruction offers strategies and lessons for middle and high school teachers to harness AI in a positive way, integrating it into the writing process and evaluating the ethics of its usage. Written by a full-time high school teacher, Brett Vogelsinger, the book focuses on evergreen principles and ideas rather than specific AI tools, providing concrete steps and lessons that teachers can implement without being technology experts. Acknowledging the varying perspectives of teachers on AI in writing instruction, from skepticism to enthusiasm, Brett offers a human-centered, considered, and ethical approach to using generative AI in the classroom. Demonstrating how AI can be used artfully in the classroom to enhance students' writing skills and foster reflection on the writing process, this book provides standards-aligned lessons that detail how AI can support instruction and assist students at each step of the writing process, from prewriting through publishing. Emphasizes how to use AI tools to mine authentic human ideas and enhance creativity in the

classroom Aims to help teachers build a healthy relationship with AI technology and use it thoughtfully in their writing instruction Includes chapter features such as quotes from esteemed writers real teacher and student voices cautionary notes and Bot Thoughts entries of example AI output Artful AI in Writing Instruction is a book that explores technology with humility critiquing its drawbacks and harnessing its strengths in an effort to guide teachers on how to use AI to help students grow their thinking and their skills rather than bypassing that development
