Supremacy Parmy Olson, 2024-09-10 WINNER OF THE THE FINANCIAL TIMES AND SCHRODERS 2024 BUSINESS BOOK OF THE YEAR AWARD In November of 2022 a webpage was posted online with a simple text box It was an AI chatbot called ChatGPT and was unlike any app people had used before It was more human than a customer service agent more convenient than a Google search Behind the scenes battles for control and prestige between the world s two leading AI firms OpenAI and DeepMind who now steers Google s AI efforts has remained elusive until now In

Supremacy Olson tech writer at Bloomberg tells the astonishing story of the battle between these two AI firms their struggles to use their tech for good and the hazardous direction they could go as they serve two tech Goliaths whose power is unprecedented in history The story focuses on the continuing rivalry of two key CEOs at the center of it all who cultivated a religion around their mission to build god like super intelligent machines Sam Altman CEO of OpenAI and Demis Hassabis the CEO of DeepMind Supremacy sharply alerts readers to the real threat of artificial intelligence that its top creators are ignoring the profit driven spread of flawed and biased technology into industries education media and more With exclusive access to a network of high ranking sources Parmy Olson uses her 13 years of experience covering technology to bring to light the exploitation of the greatest invention in human history and how it will impact us all Stepping Stones to Christianity Peter S. Williams,2025-10-17 Stepping Stones to Christianity introduces a rational case for Christianity in three steps starting with scientific arguments for design in cosmology and biology moving on to philosophical arguments for the existence of God and closing with an overview of the evidence for a Christian understanding of the historical Jesus in the context of competing contemporary worldviews By bringing together revised and expanded versions of materials written to introduce three of the author s Essays on books with Wipf Stock Stepping Stones to Christianity equips readers to consider the case for design in nature to investigate philosophical arguments for God and to wrestle with the identity of Jesus

Person, Thing, Robot David J. Gunkel,2023-09-05 Why robots defy our existing moral and legal categories and how to revolutionize the way we think about them Robots are a curious sort of thing On the one hand they are technological artifacts and thus things On the other hand they seem to have social presence because they talk and interact with us and simulate the capabilities commonly associated with personhood In *Person Thing Robot* David J Gunkel sets out to answer the vexing question What exactly is a robot Rather than try to fit robots into the existing categories by way of arguing for either their reification or personification however Gunkel argues for a revolutionary reformulation of the entire system developing a new moral and legal ontology for the twenty first century and beyond In this book Gunkel investigates how and why efforts to use existing categories to classify robots fail argues that robot designates an irreducible anomaly in the existing ontology and formulates an alternative that restructures the ontological order in both moral philosophy and law *Person Thing Robot* not only addresses the issues that are relevant to students teachers and researchers working in the fields of moral philosophy philosophy of technology science and technology studies STS and AI robot law and policy but it also speaks to controversies that are important to AI researchers robotics engineers and computer scientists concerned with the social consequences of their work **The Podcaster's Audio Handbook** Corey Marie Green,2021 Podcasting is a powerful tool of communication and creative expression that doesn t need to be intimidating This book brings together the creative and technical aspects of audio engineering to help podcasters communicate their ideas effectively and creatively The Podcaster s Audio Handbook focuses on simple techniques that immediately elevate the audio quality of your podcast The book provides an overview of

podcast recording and editing techniques so that podcasters can avoid common pitfalls Readers will also gain access to audio downloads to enhance the learning process With this book you can improve the technical aspects of recording and editing your podcasts Anyone can learn audio techniques and I encourage anyone to share their stories through podcasting Unleash your creativity and connect with your audience What You Will Learn Choose the correct file formats and settings Set up a portable recorder Make informed decisions about equipment purchases Find suitable acoustic spaces to record inside and outside Conduct an interview over the phone and the internet Make a high quality recording of an interview inside outside and remotely Edit your podcast to an intermediate standard Who This Book Is For Perfect for a non technical audience or beginner to intermediate podcaster looking to improve the audio quality of their podcast **Let's Podcast! a Guide for Those of Us Who Don't Know That Techie Stuff** Jnette G.,2019-07-09 Podcasting is new and there is so much information out there on it If you are just beginning on your podcast journey and have no idea what you need to do to get this thing started and you are a simple person who is short sweet and to the point this is the book for you I give you step by step what you need to do to create your podcast from idea to recording I have also included pages for you to brainstorm ideas and have it all in one place You can call it the podcasting workbook for simple people who have no tech skills **Podcasting Pro Basics** Orlando Rios,2016-02-12 In Podcasting Pro Basics you will learn which equipment is best for podcasting at any budget which software is ideal for recording some tips on developing your show and even some of the editing techniques used to get shows sounding crisp and enjoyable Then to top it all off you will learn how to get your show published on iTunes and Stitcher the top two podcast listening platforms in the world Orlando Rios is a podcasting tour de force He has produced two podcasts of over 1 million downloads each and tackled all manner of challenges along the way For anyone interested in the production dissemination and creation of podcasts this guide is an invaluable resource Aubrey Marcus Aubrey Marcus Podcast I can honestly say that my podcast would have never gotten off the ground without Orlando Rios He took me through the process step by step when I had no clue what I was doing He s literally solved every technical problem I ve ever encountered and he s had the answer to every question I ve ever asked His knowledge on the subject is unmatched Plus his editing skills are impeccable If you re looking to start your own podcast this is the guy you want to learn from Joe DeFranco Industrial Strength Show Podcasting Pro Basics is a must read if you are just starting out as a podcaster Even as a published podcaster I ve learned several things that have already made my podcast audio and presentation much better It is written in a very easily consumable way that will ultimately save you time and money while helping you produce the best possible product Jason Havey Spinning Logic Podcast [Introduction to Podcast Technology](#) David Power,2016-08-28 What Podcasting Gurus Don t Tell You But you absolutely must know before starting a podcast One podcasting authority suggests Technology isn t important Another sums up the entire podcast creation process in a four minute video A third insists you can podcast without money gear or experience None of them take the time to explain what the buttons dials and lights all mean

they leave you to figure out the techie stuff on your own Introduction to Podcast Technology is different It acknowledges that technology is not the most important aspect of podcasting But instead of trying to convince you everything is easy the book guides you through each stage of the podcast creation process in detail and offers precise step by step instructions on the essential tools and techniques you need to record produce and launch a podcast Here are just a few of the topics covered in Introduction to Podcast Technology How to tell the difference between a good recording room and a bad one and how to avoid wasting time and money when improving a bad room Learn the two main types of microphones and why only one of them is appropriate for most podcasters Discover the difference between an audio interface and an audio recorder and which to choose if you can only afford one or the other Discover the one recording accessory that can make the biggest improvement in the quality of your recordings You ll be surprised how inexpensive this one is How to configure free software used by a lot of podcasting pros to convert master recordings to MP3 format Learn what to look for and look out for when choosing a media host Discover the most effective method to get your show listed in the iTunes podcast directory Book owners also receive FREE enrollment in a 15 day companion video course Look over the author s shoulder as he breaks down complex podcasting topics including equalization compression MP3 encoding navigating a media host s dashboard and much more Whether you re an aspiring podcaster who s intimidated or overwhelmed by technology or an experienced professional looking for new production techniques Introduction to Podcast Technology offers exactly what you need Don t let technology stand in the way of sharing your knowledge passion and voice with the world Click the Buy now button and start reading Introduction to Podcast Technology today
