What Makes This Book Different This isn't another motivational guide or generic business book. It's a workbook style resource packed with actionable steps and real life examples to help you move from dreaming to doing. Additional Resources Included: Sample founders agreements, vendor contracts and co-founder compatibility questionnaires. Templates for creating an MVP, crafting a pitch deck and defining customer personas. Exclusive access to a private online group with Q & A sessions and workshops hosted by the author to guide you through your first steps. Chapter Highlights: Mindset and Motivation: Your why will keep you going when everything feels like it's falling apart. Idea Validation: Learn from the mistakes of launching too early without understanding your market like the story of India's first web TV. Funding: There's always free money around you: grants, pitch competitions and startup support programs. You just have to know where to look. Team Building: Discover how to find co-founders and avoid costly mistakes like what happened when tensions arose among the founding team of a previous startup. Who Is This Book For: Students exploring entrepreneurship as a career path. Professionals ready to break free and start their own business. Small business owners and early stage entrepreneurs looking to scale. Anyone with a dream of creating something impactful but unsure where to start. Get Ready to Take Action: This book is your roadmap complete with real stories, step by step guides and tools to get started. Available for Kindle in February 2025 with a paperback edition to follow. Early buyers will receive exclusive bonuses including discounted pre-order pricing and access to the author's private mentoring group. Don't wait, start your entrepreneurial journey today.

Driving Decentralization and Disruption With Digital Technologies Verma, Balraj, Singla, Babita, Mittal, Amit, 2024-02-26. Amid an unprecedented digital revolution, our society grapples with profound challenges from the upheaval of traditional global systems to the ethical implications of technology's inexorable advance. As academic scholars seek a comprehensive understanding of this dynamic environment, *Driving Decentralization and Disruption With Digital Technologies* emerges as a beacon of insight. This compelling book confronts the intricate issues spawned by decentralization, de-globalization and the transformative power of digital technologies, providing a roadmap for traversing the complexities of our digitally connected world. The book starts by unraveling the disruptive forces at play, shedding light on the threats posed to existing hierarchies and the potential consequences for disadvantaged groups. Digital disintermediation, driven by platforms and peer-to-peer networks, shakes the foundations of traditional economic systems, leaving banks and markets in flux. As global relationships redefine themselves in the face of decentralized markets, supply chains and economic ties, scholars grapple with the profound implications for the future.
