D'Ambrosio,2021-05-25 More and more we present ourselves and encounter others through profiles A profile shows us not as we are seen directly but how we are perceived by a broader public As we observe how others observe us we calibrate our self presentation accordingly Profile based identity is evident everywhere from pop culture to politics marketing to morality But all too often critics simply denounce this alleged superficiality in defense of some supposedly pure ideal of authentic or sincere expression This book argues that the profile marks an epochal shift in our concept of identity and demonstrates why that matters You and Your Profile blends social theory philosophy and cultural critique to unfold an exploration of the way we have come to experience the world Instead of polemicizing against the profile Hans Georg Moeller and Paul J D Ambrosio outline how it works how we readily apply it in our daily lives and how it shapes our values personally economically and ethically They develop a practical vocabulary of life in the digital age Informed by the Daoist tradition they suggest strategies for handling the pressure of social media by distancing oneself from one's public face A deft and wide ranging consideration of our era's identity crisis this book provides vital clues on how to stay sane in a time of proliferating profiles      *The Wisest Owl* Anupam Gupta,2022-07-25

India is witnessing a major change in the way we look at money Having reached the middle income status as a country a vast section of the youth is now aspiring for higher financial goals This large population is breaking away from its parents in almost every way including financially But the new generation of Indians entering the workforce demand more knowledge on their investments They constantly grapple with complicated questions surrounding money What do they do with their money How do they plan for their future Most of the time they get bad advice Mutual funds have not really delivered meaningful returns stock selection is extremely complicated and sophisticated investments like PMSs AIFs etc are only for the wealthy This book tries to help these young investors by offering them a framework they can use to create wealth in the long run Using the wisdom and experience of Indian's top personal finance professionals the

book answers critical questions such as Should I rent a house or buy a house Passive investing versus active investing Stocks versus mutual funds Debt funds or FDs And finally crypto or no crypto      **Connected Histories** Eva Pfanzelter,Dirk Rupnow,Éva Kovács,Marianne Windsperger,2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public      **EBOOK: Principles and Practice of Marketing, 9e** David Jobber,Fiona Ellis-Chadwick,2019-08-01 EBOOK Principles and Practice of Marketing 9e

Influencer Marketing For Beginners Adrian Peck, 2020-10-13 The rise of social media has created alternative methods of advertising for companies. Gone are the days where companies would reach their customers through newspapers or television commercials. It is now more affordable to connect with customers through online channels such as social media platforms. Companies have done an impressive job following their customers and establishing their brands within the same platforms that their customers enjoy. However, over the years, there have been questions surrounding brand trust with many consumers challenging the authenticity of the message shared by brands. There has been significant research compiled regarding customer sentiments on brand communication. One of the main insights found was that customers trusted messages shared by their peers over messages shared by brands. The assumption is that companies have an agenda to make profits, but our peers seek to educate and empower us. This key assumption is one of the driving forces which has led to the growth of influencer marketing. Influencer marketing allows ordinary individuals to promote the services and products of companies to their specific target audience. Companies pay to have an influencer with a large following on popular social media platforms to advertise their offerings on their behalf. This business strategy has dramatically increased companies' return on investment (ROI) and helped build brand integrity among customers. This book will be a valuable resource to all those individuals who are interested in becoming social media influencers. The reader will learn the ins and outs of social media marketing and some exclusive tactics and strategies on using social media platforms such as Facebook, Instagram, YouTube, TikTok, and Pinterest to develop and grow an audience. Readers will also learn how to create authentic personal brands that will help attract companies, provide them with a unique positioning in the market, and monetize their social media accounts. After reading this book, readers will feel motivated to capitalize on this new movement toward influencer marketing and begin to operate their own marketing enterprises.

**Instagram Marketing Advertising** Ronald Roberts, 2019 Are you looking to boost your brand visibility and gain new clients for your business? Would you like to build an excellent presence on Instagram? Are you interested in becoming a thought leader in your industry? If you're ready to learn all the essential tricks of the Instagram trade, this is the perfect book to take you through the process step by step. Read on: Instagram has transformed from just another photo app to a huge business hub for countless brands and organizations. Over one billion users have accounts on the growing social network, and at least 60 percent of them log in daily. Therefore, there are bound to be thousands of Instagram users interested in your offerings, if not more. Now, companies and corporations on IG, as the site is fondly nicknamed, can sign up for business accounts. Brands from every industry can adopt the use of Instagram. Whether your brand is related to health, technology, law, security, education, agriculture, tourism, or any other field, Instagram is a powerful tool for promoting your products and services and gaining traction.
