Henry,2021-05-15 In *The Future Conditional* Eric S Henry brings twelve years of expertise and research to offer a nuanced discussion of the globalization of the English language and the widespread effects it has had on Shenyang the capital and largest city of China s northeast Liaoning Province Adopting an ethnographic and linguistic perspective Henry considers the personal connotations that English has for Chinese people beyond its role in the education system Through research on how English is spoken taught and studied in China Henry considers what the language itself means to Chinese speakers How and why he asks has English become so deeply fascinating in contemporary China simultaneously existing as a source of desire and anxiety The answer he suggests is that English speaking Chinese consider themselves distinctly separate from those who do not speak the language the result of a cultural assumption that speaking English makes a person modern Seeing language as a study that goes beyond the classroom *The Future Conditional* assesses the emerging viewpoint that for many citizens speaking English in China has become a cultural need and more immediately a realization of one s future **Authentic Marketing** Larry Weber,2019-01-04 Engage on a deeper level by disrupting the typical business development script *Authentic Marketing* offers a forward thinking approach to achieving an entirely new level of engagement with today s purpose driven and skeptical audiences The heart of this process involves finding the soul of your organization When moral purpose becomes central to your organization it can deliver benefits to both the bottom line and mankind a profit meets purpose proposition

This path requires a reinvention of today's dated business model abolishing the inefficient siloed approach of developing a business strategy first and then later creating separate strategies for marketing HR manufacturing R D etc The new integrated model fuses a tight integration of business technology innovation and engagement strategies all of which are bound together by a company's moral purpose When moral purpose is central to an organization's core everything branches out from a place of authenticity Rather than a siloed CSR effort you develop employee and customer relationships based on real not curated connections with a brand's moral mission You build true engagement trust and evangelism And along the way your customers will actually help to co create your brand This book shows you how to transform your business by putting moral purpose to work for your stakeholders and the planet Embrace a new model that integrates business technology innovation and engagement strategies with moral purpose as the glue that binds them together Learn the key steps to find your moral purpose Discover how to engage audiences with a transparent authentic marketing approach that forges powerful connections and builds trust With a world of options at their fingertips today's purpose driven customers want a brand they can identify with and trust Authentic Marketing shows you how to make your brand more human more likeable more genuine and guides you on how to connect with audiences on a moral level This process will build a new level of engagement that will benefit both your long term value and the world *The Billboard* ,1946 **Mass Communication and Journalism in the Digital Age**
