Hidden in White Sight Calvin Lawrence,2023-04-14 Artificial Intelligence was meant to be the great social equalizer that helps promote fairness by removing human bias from the equation but is this true Given that the policing and judicial

systems can display human bias this book explores how the technology they use can also reflect these prejudices From healthcare services to social scoring in exams to applying for and getting loans AI outcomes often restrict those most in need of these services Through personal stories from an esteemed Black Data Scientist and AI expert this book attempts to demystify the algorithmic black box AI pervades all aspects of modern society and affects everyone within it yet its internal biases are rarely confronted This book advises readers on what they can do to fight against it including the introduction of a proposed AI Bill of Rights whilst also providing specific recommendations for AI developers and technologists <https://hiddeninwhitesight.com>
