different ways to be self employed which can provide you with more freedom and flexibility while still bringing in some money If you want to work at home then this is the technology which is enabling the change and it is allowing nomads to work from home Companies are recognising the potential of this new method of working and the first areas to embrace the new way of working are the legal ones However it is not just the legal firms and public sector which are looking to employment technology in order to cut costs Almost every type of industry is looking at using technology in order to lower costs and in this way increase profits For example restaurants are using recruitment technology in order to lower salaries and costs Until a few years ago when every restaurant had a fixed cost of hiring training and maintenance the vast majority of restaurants were able to pay 100% of their employees salaries This meant that it was possible to pay a manager less than a waiter and save money However with the inclusion of recruitment technology the cost of hiring employees is being cut by up to 50% This does not necessarily mean that the amount of profit is increased but employees are able to be assigned to different tasks meaning that they spend less time in front of customers thus increasing their profits Interested to know more Then Scroll up Click on Buy now with 1 Click and Get Your Copy Now *Digital Nomad Visas* Mikkel Thorup,2023-04-17 The 1 Resource for anyone who works remotely and earns their income from their computer Mikkel Thorup has travelled the world for over 23 years visiting 110 countries and living in 9 He understands better than anyone what it is like to live and work in another country and has built his business to help people like you secure your new life abroad Digital Nomad Visas will explain in detail what you can expect from being a Digital Nomad in today s day and age and how you can have the life you ve always dreamed of Mikkel Thorup explains every single visa that exists today and for anyone who wants to travel from country to country and not be worried about only being able to spend 30 or 60 days in a country How you can stay in a country for 1 or more years legally or what you need to do to live in several European countries over a 1 year period and so much more Mikkel Thorup is the Founder and CEO of Expat Money TM a private consulting firm started in 2017 He hosts the popular weekly podcast the Expat Money Show and wrote the definitive 1 Best Selling book Expat Secrets How To Pay Zero Taxes Live Overseas And Make Giant Piles Of Money His second book Expats Guide On Moving To Mexico is now the 1 best selling resource for moving to Mexico Mikkel has helped many many families just like yours to move overseas No one does it better than he does Digital Nomad for Beginners MATEO.
