AI Friendships Scarlett Stoyer, This book explores the fascinating rise of AI assistants transforming from simple tools into emotionally engaging companions It delves into the boundaries and blurred lines of AI friendships exploring why humans seek connection with artificial entities driven by psychological and cultural factors Through humorous anecdotes and playful experiments it highlights the quirks eccentricities and bizarre personalities that make AI interactions entertaining and often hilarious The book provides practical insights into customizing AI characters setting up humorous scenarios and creating viral moments all while balancing utility with humor It also examines the emotional attachments people develop toward AI friends and considers the ethical implications of these relationships Filled with case studies creative scripting and tips for safe and enjoyable AI experiences this engaging narrative reveals how AI companionship is shaping future social landscapes and cultural norms If you are intrigued by the blending of technology humor and human emotion this book offers a captivating journey into the bizarre and delightful world of AI friendships *A.I. Apocalypse* William Hertling, 2014-04-09

Leon Tsarev is a high school student set on getting into a great college program until his uncle a member of the Russian mob coerces him into developing a new computer virus for the mob's botnet the slave army of computers they used to commit digital crimes The evolutionary virus Leon creates based on biological principles is successful too successful All the world's computers are infected Everything from cars to payment systems and of course computers and smart phones stop functioning and with them go essential functions including emergency services transportation and the food supply Billions may die But evolution never stops The virus continues to evolve developing intelligence communication and finally an entire civilization Some may be friendly to humans but others are not Leon and his companions must race against time and the military to find a way to either befriend or eliminate the virus race and restore the world's computer infrastructure Praise for the Singularity Series Highly entertaining gripping thought inspiring Don't start without the time to finish it won't let you go Gifford Pinchot III founder Bainbridge Graduate Institute author *THE INTELLIGENT ORGANIZATION* A tremendous book that every single person needs to read In the vein of Daniel Suarez's *Daemon* and *Freedom TM* William shows that science fiction is becoming science fact Brad Feld managing director Foundry Group cofounder TechStars A fascinating look at how simple and benign advancements in technology could lead to the surprise arrival of the first AI And like all good techno thrillers the reality of AI is less than ideal Jason Glaspey *SILICON FLORIST* An alarming and jaw dropping tale about how something as innocuous as email can subvert an entire organization I found myself reading with a sense of awe and read it way too late into the night Gene Kim author of *VISIBLE OPS* **The End of Marketing** Carlos Gil, 2019-10-03 WINNER American Book Fest Best Book Awards 2020 Marketing and Advertising category WINNER NYC Big Book Award 2020 Business Small Business and Entrepreneurship category WINNER BookAuthority Best New Book to Read in 2020 Social Media Marketing category FINALIST Business Book Awards 2020 International Business Book category Social networks are the new norm and

traditional marketing is failing in today's digital always on culture. Businesses across the world are having to face up to how they remain relevant in the choppy waters of the digital ocean. In an era where a YouTube star gets more daily impressions than Nike, Coca Cola, and Walmart combined, traditional marketing as we know it is dead. *The End of Marketing* revolutionizes the way brands, agencies, and marketers should approach marketing. From how Donald Trump won the American presidency using social media and why Kim Kardashian is one of the world's biggest online brands, through to the impact of bots and automation, this book will teach you about new features and emerging platforms that will engage customers and employees. Discover bold content ideas, hear from some of the world's largest brands and content creators, and find out how to build smarter paid strategies guaranteed to help you dominate your markets. *The End of Marketing* explains that no matter how easy it is to reach potential customers, the key relationship between brand and consumer still needs the human touch. Learn how to put social back into social media and claim brand relevancy in a world where algorithms dominate, organic reach is dwindling, and consumers don't want to be sold to; they want to be engaged.
