Images, Reality, and Digital Culture Krešimir Purgar,2025-09-30 Focusing on the moment of transition from the pictorial to the post pictorial condition this book advocates the opinion that what fundamentally distinguishes pictorial representation in Western civilization is one s ability to distinguish what the picture shows from what the picture refers to and to that extent the reality inside the picture

cannot be confused with what is outside it The contributions in this book serve as kind of a missing link connecting the genealogy of traditional images with contemporary environmental visualizations in the world that in this very moment undergoes a transition into a new exciting age in which many old knowledges are rapidly becoming obsolete and new ones are seeking their legitimacy Instead of leading the reader to reconciliation with the fatal diagnosis of the world under the rule of technological determinism this book indicates the key points of transition between the pictorial representation that traditionally belonged to the history of art and the virtual presence that is approached in quite different ways today This book will be of interest to scholars working in art history image philosophy image studies and digital studies

Post-Anthropocene Civic and Global Education Studies Peter Appelbaum, 2024-10-08 This book explores community action within our more than human lifeworld tackling post Anthropocene challenges It presents bold experiments shifting from crisis study to asking How are we here It addresses key issues by moving beyond posthuman perspectives integrating indigenous ways of being resisting Doomer Culture and rejecting blind Hopeism Part 1 focuses on Post Anthropocene Pedagogies from an Education Studies perspective Part 2 illustrates the power of these pedagogies while Part 3 delves into literature on Post Anthropocene Education Part 4 illustrates the approach via case studies of teaching the development of an NGO and community art projects The narrative emphasizes maintaining a two way flow between human culture and nature highlighting porous boundaries It argues that mere knowledge won't cure or save the world Instead it advocates for leadership and civic engagement that enrich reconnection with place and stewardship The primary audience is within environmental education sustainability studies curriculum studies post human studies sociology of education and resource management as educational enterprise
