*The AI Freelancer's Playbook—supercharged with a viral title, accessible language, and packed with value* Dizzy Davidson, 2025-07-27 If you're tired of chasing freelance gigs without results. If you wish you had more hours in your day but can't afford to hire help. If tech overwhelms you and you just want simple tools that work. Then this book is for you. The AI Hustle Handbook is the God-sent guide for freelancers ready to level up without burnout. Whether you're a graphic designer, writer, virtual assistant, coach, or multi-talented creative, this book reveals how artificial intelligence can become your silent business partner, speeding up your work, amplifying your ideas, and freeing up your time. Written in clear, jargon-free language for readers of all backgrounds, even those with a Grade 9 education, this handbook is PACKED with tips, tricks, and guides for using AI to create stunning visuals, write viral content, automate tasks, and boost sales. Step-by-step guides walk you through building websites, pitching clients, and handling finances with smart tools. Real-life stories of freelancers who've scaled their income with AI support. Illustrations and examples make each chapter fun, relatable, and insanely useful. You'll learn how to go from solo hustle to solo empire without writing a single line of code. Inside, you'll find prompts, cheat sheets, toolkits, and bonus resources that empower you to take action immediately. Whether you're just starting out or looking to scale, this book will change the way you work forever. **GET YOUR COPY TODAY**

**Writing and Editing for Digital Media** Brian Carroll, 2025-12-12 An essential guide to writing and editing for digital media, this sixth edition responds to the mainstreaming of genAI (Generative AI) and LLMs (Large Language Models) among many other changes in the best practices of digital storytelling. Carroll explains and demonstrates how to effectively write for digital spaces and places that typically abound with graphical content, multimedia, and hypertextual interactive elements. He also combines hands-on practical exercises with information on key topics such as misinformation and disinformation and the proliferation of artificial intelligence. This new edition specifically explores the ethical questions raised by AI as well as the new possibilities it presents. Each chapter features lessons and exercises through which students can build a solid understanding of the ways that digital communication provides opportunities for dynamic storytelling and multi-directional communication. It also speaks to writers, editors, public relations practitioners, and social media managers and marketers. Updated with contemporary examples and new pedagogy throughout, this is the ideal handbook for students seeking careers in digital media, particularly in content development and digital storytelling. It is an essential text for students of media communication, public relations, marketing, and journalism who are looking to develop their writing and editing skills for these ever-evolving fields and professions. This book also has accompanying Support Material that offers additional weekly activities and assignments, providing students additional opportunity to put theory into practice.
