The Bread of the Strong Jack Lee Downey, 2015-06-01

Contributing to the ongoing excavation of the spiritual lifeworld of Dorothy Day the most significant interesting and influential person in the history of American Catholicism *The Bread of the Strong* offers compelling new insight into the history of the Catholic Worker movement including the cross pollination between American and Quebecois Catholicism and discourse about Christian antimodernism and radicalism The considerable perseverance in the heroic Christian maximalism that became the hallmark of the Catholic Worker's personalism owes a great debt to the influence of Lacouturisme largely under the stewardship of John Hugo along with Peter Maurin and myriad other critical interventions in Day's spiritual development Day made the retreat regularly for some thirty five years and promoted it vigorously both in person and publicly in the pages of *The Catholic Worker* Exploring the influence of the controversial North American revivalist movement on the spiritual formation of Dorothy Day author Jack Lee Downey investigates the extremist intersection between Roman Catholic contemplative tradition and modern political radicalism Well grounded in an abundance of lesser known primary sources including unpublished letters retreat notes privately published and long out of print archival material and the French language papers of Fr Lacouture *The Bread of the Strong* opens up an entirely new arena of scholarship on the transnational lineages of American Catholic social justice activism Downey also reveals riveting new insights into the movement's founder and namesake Quebecois Jesuit Onesime Lacouture Downey also frames a more reciprocal depiction of Day and Hugo's relationship and influence including the importance of Day's evangelical pacifism on Hugo particularly in shaping his understanding of conscientious objection and Christian antiwar work and how Hugo's ascetical theology animated Day's interior life and spiritually sustained her apostolate A fascinating investigation into the retreat movement Day loved so dearly and which she claimed was integral to her spiritual formation *The Bread of the Strong* explores the relationship between contemplative theology asceticism and radical activism More than a study of Lacouture Hugo and Day this fresh look at Dorothy Day and the complexities and challenges of her spiritual and social expression presents an outward exploration of the early to mid twentieth century dilemmas facing second and third generation American Catholics

Empowering the People of God Christopher D. Denny, Mary Beth Fraser Connolly, 2013-11-01 The early 1960s were a heady time for Catholic laypeople Pope Pius XII's assurance "You do not belong to the Church. You are the Church" emboldened the laity to challenge Church authority in ways previously considered unthinkable *Empowering the People of God* offers a fresh look at the Catholic laity and its relationship with the hierarchy in the period immediately preceding the Second Vatican Council and in the turbulent era that followed This collection of essays explores a diverse assortment of manifestations of Catholic action ranging from genteel reform to radical activism and an equally wide variety of locales apostolates and movements

Schmiesing, 2002 This work is as an example of what might be called Sixties history the belief that in that decade there occurred major breakthroughs to a more enlightened and humane level of existence with the concomitant rejection of much of what went before Dr Schmiesing is the first to examine in a systematic way the intellectual life of American Catholics between 1895 and 1955 and to approach that era in its own terms not merely as a prelude to the changes of the 1960s A common view of American Catholic history holds that two papal warnings against Americanism around 1900 had the effect of stifling real intellectual activity among American Catholics for six decades until the liberating affects of the Second Vatican Council of 1962 65 This thesis is as an example of what might be called Sixties history the belief that in that decade there occurred major breakthroughs to a more enlightened and humane level of existence with the concomitant rejection of much of what went before Kevin Schmiesing is the first scholar to examine in a systematic way the intellectual life of American Catholics between 1895 and 1955 and to approach that era in its own terms not merely as a prelude

César Chávez, the Catholic Bishops, and the Farmworkers' Struggle for Social Justice Marco G. Prouty, 2006-09-15 César Chávez and the farmworkers struggle for justice polarized the Catholic community in California's Central Valley during the 1965-1970 Delano Grape Strike Because most farmworkers and landowners were Catholic the American Catholic Church was placed in the challenging position of choosing sides in an intrafaith conflict Twice Chávez petitioned the Catholic Church for help Finally in 1969 the American Catholic hierarchy responded by creating the Bishops Ad Hoc Committee on Farm Labor This committee of five bishops and two priests traveled California's Central Valley and mediated a settlement in the five year conflict Marco Prouty traces the Church's gradual transition from reluctant mediator to outright supporter of Chávez providing an intimate view of the Church's decision making process and Chávez's steadfast struggle to win rights for farmworkers This lucid solidly researched text will be an invaluable addition to the fields of labor history social justice ethnic studies and religious history
