Catholicism In Dialogue Conversations Across Traditions:

Catholicism in Dialogue Wayne Teasdale, 2004-05-03 Mutual understanding between the faithful of the world's great religions is no longer a luxury all over the world religions are challenged to find common ground in the cause of peace and justice and in the face of war and exploitation. Meanwhile stereotypes, antipathies and sectarian isolation continue to rob religion of the impact it can and should have in fostering a better world. *Conversations across Traditions* offers a fresh invitation to and model for interfaith dialogue. Drawing on his extensive knowledge and experience of ecumenical cooperation, Roman Catholic lay brother and monk Wayne Teasdale offers a strong and prophetic voice for interfaith dialogue that brings traditions together without watering them down. He offers a blueprint for combining the strengths and perspectives of various faiths in order to address the crises of poverty, racism, environmental pollution and moral indifference. Highly informative and compelling, this book is accessible to a wide audience from the classroom to study groups and others who want to learn about conversing across traditions. Teasdale offers a valuable approach to teaching the Roman Catholic tradition in our pluralized, globalized world. At the same time, his spiritual insight and prophetic wisdom lead the reader into the frontier world of interfaith relations where confusion is always present and faith, though not as secure as in isolation, is enriched by contact with the great world religions. This book is visionary, hopeful and deeply inspiring as we walk into the uncharted future.
