Catholics in Apartheid Society Andrew Prior,1982 *South-South Solidarity and the Latin American Left* Jessica Stites Mor,2022-03-08 Transnational solidarity movements often play an important role in reshaping structures of global power Jessica Stites Mor looks at four in depth case studies in the Global South which act as a much needed road map to navigate our current political climate and show us how solidarity movements might approach future struggles **Proud to be Deaf: Saintliness in the Catholic Deaf community in South Africa from 1874-1994** Mark James,2025-05-15 This thought provoking book details the history of Catholic ministry to the Deaf community in South Africa over 120 years This history provides a backdrop to Deaf people s emerging understanding of themselves as a people imbued with dignity and having their own language and culture The philosopher Emmanuel Levinas understanding of saintliness which is the ethical pursuit of prioritising one s neighbour s needs above those of one s own provides a lens through which to both sympathetically and critically read this history The book ends by paying tribute to the Deaf people in the Catholic Church who contributed significantly to raise Deaf people s awareness of their innate dignity and of sign language as a gift from God The book inspires newness boldness and resilience in ministry to approach the Kingdom of God and encounter the face of Christ crucified crucified by the forces of phonocentrism and audism There are many lessons to be learnt that gives voice and appeal to what Ruben Xulu s image evokes Christ was Africa crucified In sum the book pronounces words of blessing to remember and sign a new journey together from the heart Associate Professor Glenn Morrison School of Philosophy and Theology at the University of Notre Dame Fremantle Australia **The Challenge and Spirituality of Catholic Social Teaching** Marvin L. Krier Mich,2011 This work offers readers the insight and inspiration to live out the gospel of Jesus Christ the glad tidings to the poor here and now Mich weaves together the biblical tradition and the wisdom of Catholic social teaching with the stories if saints and spiritual leaders contemporary and historical *The Politics of a South African Catholic Student Movement, 1960-1987* Anthony Egan,1991 **American Catholics and the African-American Migration, 1919-1970** John T. tunnel a church of silence working out its future in isolation poverty and faith In these essays Adrian Hastings analyses aspects of African Catholicism today the prophetic role of the christian church in Africa the sacrificial death of some of its prophetic figures the ambiguous situation of the church in racist South Africa the position of women who are Christianity s principal asset the importance of African theology now a lived rather than a published phenomenon and the ambiguous figure of Archbishop Milingo exorcist and healer A single theme binds them together that of the abiding ministerial reality of the village the priestless peasant religion which has made Catholicism in Africa as indigenous as maize meal or banana beer Adrian Hastings draws on examples ancient and modern to illustrate this theme the Donatists of fourth century North Africa the Monophysites of Egypt and his own personal experience of a rural parish in Uganda No longer in a formal structure of ministry himself Hastings launches a hard hitting attack on an ultramontanist curial bureaucracy This is a controversial but fascinating book which affords many important glimpses of what is happening in the dark tunnel **Seminaries and**
