Cats On A Chandelier:

Music of the Night Ian Bradley, 2025 This book offers readers a fascinating new look into the spiritual side of operetta and musical theatre two closely related genres often dismissed as trivial shallow and essentially secular Bradley challenges these judgements and seeks to show that there have been clear religious influences and spiritual resonances in some of the best known and most popular works in both genres He points to the darker and more serious side of operetta and musical theatre to analyse the work of Offenbach Leh r Gilbert and Sullivan Rodgers and Hammerstein Sondheim Schwartz Lloyd Webber and Boublil and Schoenberg Readers will never listen to The Mikado The Sound of Music Fiddler on the Roof Sweeney Todd Wicked Les Miserables and The Lion King in the same way again Using hitherto largely neglected sources Music of the Night explores the Jewish and Catholic roots of French operetta composers the impact of Franz Leh r s Catholic faith the effect of Oscar Hammerstein s early exposure to Universalism and the High Church aesthetic of Andrew Lloyd Webber Further chapters discuss Arthur Sullivan s softening and spiritualising effect on W S Gilbert s lyrics in the Savoy operas Stephen Sondheim s secularism and Stephen Schwartz as the reluctant pilgrim There is specific analysis of the religious influences and spiritual resonances in six key musicals The Sound of Music Fiddler on the Roof Godspell Jesus Christ Superstar Les Mis rables and The Lion King A concluding chapter briefly surveys the musicals of the twenty first century

Georg Jensen Alison Fisher, 2018-01-01 This beautifully illustrated catalogue explores how Georg Jensen silver has expanded the boundaries of modern style changing the look of twentieth century homes and spreading Scandinavian design around the world Design for Everyday Living is the first scholarly treatment of Georg Jensen to approach the firm s output in an analytical way situating it in the context of twentieth century design history and focusing on the firm s unique evolution and global influence This book is geared to a wide audience of interested nonspecialists and design historians rather than to a narrower readership of silver collectors It is also innovative in that it focuses on the story of the firm rather than solely on the career of its founder The essays are all original and include a contribution from Thomas Thulstrup the leading expert on Georg Jensen silver The book also benefits from a close collaboration with the Jensen firm which has allowed us access to images and archival materials published here for the first time
