## Cats Of Our Lives:

The Cats in Our Lives James Mason, 1949      **Cats Of Our Lives** Franklin Dohanyos, 1999-01-01 Memorable stories about people and their favorite felines are gathered here Some of the contributors are well known some are not but all have in common a story to tell about a special cat who changed their lives      **The Cats in Our Lives** Adolph Suehsdorf, 1964

**The Cats in Our Lives. (Illustrated by James Mason.).** James Neville MASON (and KELLINO, afterwards MASON (Pamela)), afterwards MASON KELLINO (Pamela), 1949      *Feral Cats Changed Our Lives* Janet E. Swinehart, David A. Swinehart, 2021-08-25 *Feral Cats Changed Our Lives Adopt the Challenge* By Janet E Swinehart and David A Swinehart While writing this book Janet E Swinehart looked to God and knows He has given these wonderful creatures these feral rescued cats Summer Snippy and Katie to her and her husband David to love Janet and David s story tells about the patience love and disappointments that these friends have brought to their lives Feral cats are not ordinary cats and they have a strange nature On many occasions Janet found herself praying for herself and her husband because at times her patience was thin Summer Snippy and Katie are true feral cats and though Janet was told in books never to try to train them because it s almost an impossible mission she was determined they were going to become cute cuddly and friendly babies but you will soon see that became a significant challenge There were some very funny as well as very scary times and parts of the story may make you want to cry like she did Though certain things could have been done differently experience over time helped Janet and Dave to be more successful in their endeavors Walk with them on this journey of raising feral cats and learn from these episodes The Swineharts believe that God gave them pets to keep them company and give them a release from the seriousness of day to day life Hopefully reading this book will inspire you to find a companion of your own to enrich life by caring for a future friend who needs a helping hand So put your kitty boots on and be on your way      **The Cats of Our Lives** , 1997-08 A selection of narratives essays illustrations superstitions legends lore poems and other anecdotes pays tribute to each contributor s very own special cat that has made a difference in his or her life      *Our Fourfooted Friends and how We Treat Them* , 1926      **Exploring Cats: Their Behaviors and Human-Cat Interactions** Lynette Arnason Hart, Benjamin Hart, Emma Kathryn Grigg, Leslie Ann Lyons, Dennis Clair Turner, 2023-12-27 Cats exceed dogs in their numbers as companion animals in the U S and much of Europe despite them not filling working roles In the past their prowess as mousers on farms sometimes made them essential but these days many cats lead leisurely lives in people s homes What accounts for them becoming such appreciated family members What are their behaviors that are so enticing Exactly how do they respond to us When are they preferred companion animals more than dogs What do we know about cultural differences in views about cats Their growing popularity and the relative paucity of data about owned cats living in homes emphasizes the importance of monitoring their welfare The anthrozoological research literature on companion animals includes extensive studies of dogs while contributing relatively few close looks at the special behaviors and traits of domestic cats that make

them so desirable as companions We know little about the dynamics of our interactions with cats and the attachment shared with them which may differ in some ways for those we have with dogs Nor have we identified the specific contexts where cats are particularly or uniquely compatible How does the type of attachment affect and shape the bond relationship between human and cat How are cats as emotional support animals for people with special needs especially autism What new information do we have about the cognitive abilities of domestic cats and how these abilities shape cats behavior and relationships with humans How do early life experiences of cats influence their behavior as adults or their successful integration into human households Do cats fit best in certain residential settings or with specific types or ages of people This Research Topic provides an opportunity to update our understanding on the special qualities and behaviors of cats and to scrutinize our mutual interactions with these companions

**Pavlov's Cats: Their Story** Randy Minnich, 2012-03-01 Pavlov's dogs salivated on command But his cats Not likely nor have any of mine This expanded edition of Pavlov's Cats tells in poetry and drawings of six cats and a man of our joys and sorrows and of how love and independence intertwined

The Cats' Convention Eunice Gibbs Allyn, 1909

Memoirs of a Community Cat Rei Kimura, 2014-07-16 This is a heartwarming story told by Abby a veteran stray cat who insists We are not strays we are community cats Just as humans are citizens of their countries we are citizens of the communities we live in It brings to life the many stray cats who live in almost every community giving each cat featured in this book a face a heart feelings thoughts and the same fears and happiness of the humans who can make their lives a blessing or a curse Abby the macho yellow male cat walks us through his very colorful adventures and experiences as he and his siblings and friends live each day to the fullest of their nine lives never knowing whether they will be alive at the end of the day There is never a dull moment and some harrowing matching of wits with those who hate their very existence and believe that community cats should neither be seen nor heard The lead star of this witty community cat drama is Abby strong arrogant and adventurous he is the boss and what he says goes Then there is Choc his brother good natured sanguine and a perfect gentleman who is wise and calm beyond his cat years It has even been said that a woman would choose Abby for a lover and Choc for a solid dependable husband There is Calico Abby's friend and crush pretty precocious with a temper to match and her direct antithesis Sister a surly snarling aging matriarch of the neighboring cluster of community cats whom Abby calls the ugliest and meanest feline that ever existed Each cat is a vibrant character of its own that you will mostly love as they share their lives with you There is this rhetoric that every creature is created for a purpose so what on earth are community cats created for Perhaps to bring out the compassion and better qualities in humans manifested here in the much loved feeders who feed and care for them giving of their time and money to make the lives of these less fortunate creatures of God tolerable The story ends with this haunting rhetoric life will go on till our lease on earth runs out I think I still have many good years left and I absolutely refuse to think what old age and dying on the streets might be like I have no thoughts about the future because living life to the fullest this week is more important
