Catwalk Fashion Models Of Japan:

Catwalk Curtis Knapp,1993 *Catwalk Postcards* Curtis Knapp,1995-12-01 *Japanese Fashion Cultures* Masafumi Monden,2014-11-20 From Rococo to Edwardian fashions Japanese street style has reinvented many western dress styles reinterpreting and altering their meanings and messages in a different cultural and historical context This wide ranging and original study reveals the complex exchange of styles and what they represent in Japan and beyond contesting common perceptions of gender in Japanese dress and the notion that non western fashions simply imitate western styles Through case studies focussing on fashion image consumption in style tribes such as Kamikaze Girls Lolita Edwardian Ivy Style Victorian Romantic and Kawaii this ground breaking book investigates the complexities of dress and gender and demonstrates the flexible nature of contemporary fashion and style exchange in a global context *Japanese Fashion Cultures* will appeal to students and scholars of fashion cultural studies gender studies media studies and related fields *Modern Girls on the Go* Alisa Freedman,Laura Miller,Christine R. Yano,2013-04-17 This spirited and engaging multidisciplinary volume pins its focus on the lived experiences and cultural depictions of women s mobility and labor in Japan The theme of modern girls continues to offer a captivating window into the changes that women s roles have undergone during the course of the last century Here we encounter Japanese women inhabiting the most modern of spaces in newly created professions moving upward and outward claiming the public life as their own shop girls elevator girls dance hall dancers tour bus guides airline stewardesses international beauty queens overseas teachers corporate soccer players and even female members of the Self Defense Forces Directly linking gender mobility and labor in 20th and 21st century Japan this collection brings to life the ways in which these modern girls historically and contemporaneously have influenced social roles patterns of daily life and Japan s global image It is an ideal guidebook for students scholars and general readers alike *Japan English Publications in Print* ,1998 *The End of Transgression in Japanese Women's Writing* David S. Holloway,2024-12-31 This book argues for a new articulation of the ways in which transgression is theorized in contemporary literature by Japanese women Exploring the rhetorical and discursive mechanics of literary bad girls from fiction produced during the millennial turn 1990 2010 the book contends that women writers today deploy truant unruly restless and aggressive female protagonists not to challenge the status quo but rather to reaffirm it While Japanese women s fiction has long been invested in cultivating an uncomfortable politics of opposition through unladylike themes such as sex sexuality and violence the book argues that today authors turn to such acts of defiance to quietly advocate for the primacy of Japanese social order Showing how transgression has not only lost its political and disruptive valence in contemporary women s fiction this book further reveals how discourses of dissent can be retooled to promote a conservative worldview A fascinating literary analysis which reads Japanese literature in relation to the receding value of rebellion today this book will be of huge interest to students and scholars of Japanese literature gender and cultural studies **The Japanese Revolution in Paris Fashion** Yuniya Kawamura,2004-05 Paris is renowned as the

greatest fashion capital in the world It has a rigid and tightly controlled system that non western designers have difficulty penetrating Yet a number of the most influential Japanese designers have broken into this scene and made a major impact How Kawamura shows how French fashion has been both disturbed and strengthened by the addition of outside forces such as Kenzo Takada Issey Miyake Yohji Yamamoto Rei Kawakubo and Hanae Mori She considers many other key questions the fashion industry should be asking itself Does the system facilitate or inhibit creativity Has it become preoccupied with the commercial projection of product images rather than with the clothing itself And what direction will French fashion take without Saint Laurent Miyake and Kenzo This is the first in depth study of the Japanese revolution in Paris fashion and raises provocative questions for the future of the industry
