Bad Tidings Lynne Masel-Walters, Lee Wilkins, Tim Walters, 2018-12-07 First Published in 1993 In the 1970s a book collecting research about the mass media and their role in disasters would have been unimaginable This book then is an attempt to compile a somewhat eclectic view of research on mass communication and catastrophe The editors have attempted to provide a sampling of the most recent empirical work on the mass media and disasters including everything from content analysis of media reports to studies of audience response to those events **The Football Game That Changed America** Dennis Deninger, 2024-09-03 A fascinating history of the Super Bowl and its massive impact on the sports world and beyond The Super Bowl has changed what was just another wintry Sunday into America's unofficial holiday It's the biggest entertainment event of the year It's the most important advertising event of the year It is the biggest gambling event of the year More Americans watch this game than vote in presidential elections How did this all happen In *The Football Game That Changed America* Dennis Deninger reveals how the Super Bowl went from almost being canceled after its first two years to becoming an ingrained part of American life He tells the story of how this colossal event came to be including the challenges, stumbles and amusing surprises along the way and details the game's incredible impact well beyond the sports world touching virtually every facet of life in the United States Featuring colorful characters, bold rivals and twists of fate *The Football Game That Changed America* brings the history, growth and future of the Super Bowl to life It's a captivating deep dive into a sporting event like no other *Bacon's TV/cable Directory*, 2006 *When Soldiers Fall* Steven Casey, 2013-12-03 *When Soldiers Fall* traces the history of American combat losses and the ways in which the government has reported casualties from WWI to the current War on Terror *Broadcasting & Cable*, 2007 *The Impact of USA Patriot Act on American Society* Kam C. Wong, 2007 Much has been written about the USA Patriot Act and the controversy that surrounds this far reaching legislation has also generated a great deal of confusion and uncertainty about its impact and importance in the war on terrorism As Professor Kam C Wong notes in this important contribution to the literature There is little scholarly research on the legislation, implementation and impact of the Act Undoubtedly few Americans are actually aware of most of the details in the Act or its implications in a free society The events of September 11, 2001, in attacks on the World Trade Centre and the Pentagon prompted a unique response by Congress in passing a series of wide reaching laws expanding the powers of law enforcement and the judiciary Of particular concern to many are the requirements of public and private organisations to provide information in connection with homeland security that is considered intrusive and in violation of privacy rights Ultimately it will be many years before the actual impact of the Patriot Act can be assessed In this new and important book Professor Wong provides a critical analysis of the legislation and its capacity for abuse **The Saturday Evening Post**, 1997 **The American Enterprise**, 2004 **The Hollywood Reporter**, 2006 *Canadian Criminal Justice Today* Frank Schmalleger, 2000 *Extra!*, 2000 **Screen Actor**, 1965 **The Publishers Weekly**, 2003
