Cecil Taylor Burning Poles

Rainer Thieme

Cecil Taylor Burning Poles:

Noise Orders David Brown, 2006 In this lively book David Brown locates jazz music within the broad aesthetic political and theoretical upheavals of our time asserting that modern architecture and urbanism in particular can be strongly influenced and defined by the ways that improvisation is facilitated in jazz Improvised music consists of diverse properties that fail to register in the object oriented understanding of composition As a result it is often dismissed as noise an interfering signal However Brown asserts such interference can bear meaning and stimulate change Noise Orders identifies how architecture can respond to the inclusive dynamics of extemporaneous movements variable conceptions of composition multiple durations and wide manipulation of resources found in jazz to enable outcomes that far exceed a design's seeming potential By exploring overlapping moments between modernism and the cultural dimensions of jazz Noise Orders suggests that the discipline of improvisation continues to open and redefine architectural theory and practice creating a world where designers contribute to emerging environments rather than make predetermined ones Comparing modern and avant garde artists and architects with individuals and groups in jazz including Piet Mondrian and boogie woogie John Cage and Rahsaan Roland Kirk Le Corbusier and Louis Armstrong and Ludwig Mies van der Rohe and the Association for the Advancement of Creative Musicians AACM Brown examines how jazz can offer alternative design ideas and directions be incorporated in contemporary architectural practices and provide insight on how to develop dynamic metropolitan environments Interdisciplinary in its approach innovative in its methodology and unexpected in its conclusions Noise Orders argues for a deeper understanding of the infinite potential inherent in both music and architecture David P Brown is associate professor of architecture at the University of Illinois at Chicago

Making Musical Time Guerino Mazzola, Alex Lubet, Yan Pang, Jordon Goebel, Christopher Rochester, Sangeeta Dey, 2021-11-15 This book is a comprehensive examination of the conception perception performance and composition of time in music across time and culture It surveys the literature of time in mathematics philosophy psychology music theory and somatic studies medicine and disability studies and looks ahead through original research in performance composition psychology and education It is the first monograph solely devoted to the theory of construction of musical time since Kramer in 1988 with new insights mathematical precision and an expansive global and historical context The mathematical methods applied for the construction of musical time are totally new They relate to category theory projective limits and the mathematical theory of gestures These methods and results extend the music theory of time but also apply to the applied performative understanding of making music In addition it is the very first approach to a constructive theory of time deduced from the recent theory of musical gestures and their categories Making Musical Time is intended for a wide audience of scholars with interest in music These include mathematicians music theorists ethno musicologists music psychologists educators therapists music performers philosophers of music audiologists and acousticians

All About Music Guerino Mazzola, Maria Mannone, Yan Pang, Margaret O'Brien, Nathan Torunsky, 2016-11-23

This book explains music's comprehensive ontology, its way of existence and processing as specified in its compact characterization; music embodies meaningful communication and mediates physically between its emotional and mental layers. The book unfolds in a basic discourse in everyday language that is accessible to everybody who wants to understand what this topic is about. Musical ontology is delayed in its fundamental dimensions: its realities, its meaningful communication, and its embodied utterance from musical creators to an interested audience. The authors' approach is applicable to every musical genre and is scientific; the book is suitable for non-musicians and non-scientists alike. Universal Tonality Cisco Bradley, 2021-01-04. Since ascending onto the world stage in the 1990s as one of the premier bassists and composers of his generation, William Parker has perpetually toured around the world and released over forty albums as a leader. He is one of the most influential jazz artists alive today. In Universal Tonality, historian and critic Cisco Bradley tells the story of Parker's life and music. Drawing on interviews with Parker and his collaborators, Bradley traces Parker's ancestral roots in West Africa via the Carolinas to his childhood in the South Bronx and illustrates his rise from the 1970s jazz lofts and extended work with pianist Cecil Taylor to the present day. He outlines how Parker's early influences, Ornette Coleman, John Coltrane, Albert Ayler, and writers of the Black Arts Movement grounded Parker's aesthetic and musical practice in a commitment to community and the struggle for justice and freedom. Throughout, Bradley foregrounds Parker's understanding of music, the role of the artist, and the relationship between art, politics, and social transformation. Intimate and capacious, Universal Tonality is the definitive work on Parker's life and music. Tony Oxley - Discography Rainer Thieme, 2020-05-18. Tony Oxley Discography. Das Buch beinhaltet alle Tonträger, die von und mit dem englischen Freejazz-Schlagzeuger von 1965 bis 2020 veröffentlicht wurden. Außerdem eine Kurzbiografie in deutsch und englisch. Seit ca. 30 Jahren lebt Tony Oxley in Deutschland und spielte weltweit mit internationalen Jazzmusikern zusammen. Alle Produktionen sind hier chronologisch aufgelistet mit Angaben zum Titel, dem Tonträger (LP, CD, Audio-Kassette), der Besetzung, den Instrumenten, dem Produzenten, dem Tontechniker, der Trackliste, mit Laufzeit, Länge. Teilweise mit einem Querverweis auf andere Tonträger. Alle Cover in Farbe und teilweise das dazugehörige Label. **Flow, Gesture, and Spaces in Free Jazz** Guerino Mazzola, Paul B. Cherlin, 2008-12-21. Free jazz, as performed by such artists as John Coltrane and Archie Shepp, is a creative collaborative art form. This book examines free jazz and develops geometric theories of gestures and distributed identities, also known as swarm intelligence. **Cadence All-years Index, 1976-1992** Tom Lord, 1989. *Jazz Times*, 1993. America's jazz magazine, Feb. 1991. The New Grove Dictionary of Jazz Barry Dean Kernfeld, 2002. *Videos of African and African-related Performance* Carol Lems-Dworkin, 1996. *Cadence* Bob Rusch, 1995. Experiencing Jazz Richard Lawn, 2007. Experiencing Jazz, as the title suggests, provides an immersive experience using an integrated text, CD-ROM, and audio CD anthology designed for the non-musician or musician whose primary focus is not jazz. Listening to seminal recordings, learning about how musicians create the music, and hearing the music first hand through an interactive companion CD-ROM rich in helpful tutorials, as well as audio and video examples.

helps the non musician to fully appreciate and become involved in the jazz experience The CD ROM offers excerpts of interviews with many of the performers who made jazz history as well as other valuable information designed to create active informed and discerning listeners The textbook helps to place important musical trends in a larger cultural and historical context helping the reader to relate jazz history to other familiar events It does not overwhelm with long lists of musicians but focuses on the primary innovators who moved the music in new directions Publisher s website **Video Source Book** Gale Group,1999-10-28 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Video Source Book** ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Videohound's Golden Movie Retriever, 1995** Gale Group,Gale Research Company,1995 The media is mad about the Hound and his mad insightful movie reviews This 1995 collection lists more than 23 000 movies on video 1 000 new to this edition full videographies for 26 000 stars over 4 000 music videos contact information for 400 distributors and includes videographies of 5 000 screenwriters and composers Access ,1993 **Dictionary of Burning Words of Brilliant Writers** Josiah Hotchkiss Gilbert,1895 Electrical Engineer ,1892 **Industrial Engineer** ,1926 American Electrician William Dixon Weaver,Jonathan E.
