Celebrate! in South Asia James L. TURLEY, Joseph F. Viesti, Diane Hall, 2000-07-01 People in different countries get together to celebrate holidays with song and dance food and fun parades and prayer The holidays and the ways in which they are celebrated in S Asia are very different from those in the U S In India people pelt each other with colored powder to celebrate Holi In Sri Lanka 100s of elephants parade down the streets of Kandy to honor Buddha In Nepal cows and dogs are

honored during Tihar But whatever and wherever the celebration it is a time to forget about workday routines and appreciate the important things in life family beliefs and traditions Color photos of local festivals Juvenile audience **Southeast Asia between China and Japan** Lam Peng Er, Victor Teo, 2011-11-15 Triangular relations which frame China and Japan as two sides of an isosceles triangle usually focus on the United States as the significant third side This edited book examines another relatively underexplored set of triangular relations those between China Japan and Southeast Asia The region comprised of eleven small and medium size states is often considered inconsequential in the tempestuous world of international politics where political clout economic prowess military strength and soft power matter most Often seen as easily dominated by extra regional great powers this volume reconsiders the region s relationship with China and Japan their two Asian neighbours to the northeast which also happen to be the world s second and third largest economies While China and Japan do compete for turf in Southeast Asia states in the region do not perceive themselves as strategic pawns of these two great Asian powers but instead as proactively engaging China and Japan in the region The country specific case studies of this book collectively support the thesis that the Southeast Asian states actively seek to manoeuvre between China and Japan for their own advantage and at the same time grapple with developments in Northeast Asia through regional integration efforts Through the establishment of benchmark norms and values Southeast Asia attempts to socialise China and Japan and other external powers to the ASEAN way Indeed Southeast Asia as a region is now the driver of East Asian multilateralism and regionalism and the East Asian reality is that Southeast Asia is a major political economic and cultural player in its own right vis vis the great powers Celebrating the Source Lindy Poh, 2009 This book features the iconic and beloved water celebrations of the ASEAN countries as well as introduces the lesser known rituals and festivities that have shaped the cultural and social life of the region **Asean Environmental Law, Policy And Governance: Selected Documents (Volume I)** Kheng Lian Koh, 2009-06-30 ASEAN Environmental Law Policy and Governance Selected Documents in two volumes contains a judicious compilation of relevant ASEAN environmental instruments These documents deal with ASEAN s progressive development of environmental law policy and governance Volume I consists of two parts Part I Setting the Stage for ASEAN Environmental Cooperation Harmonization and Integration contains documents which are directly or indirectly related to various aspects of the environment including their potential impact The scope of environmental law is wide ranging and its interrelationship straddles the three mutually reinforcing ASEAN pillars namely security economic and socio cultural Part II deals with the General Legal Frameworks on the Environment It is subdivided into A Programmes Strategies Plans of Action and Blueprints and B Declarations Resolutions and Accord The forthcoming Volume II will deal with key sectoral areas including nature conservation and biodiversity water resources management animal and human health climate change and energy transboundary pollution and disaster management and emergency response The book will be of interest to all ASEAN government officials diplomats and its peoples ASEAN dialogue partners entities associated with
