The Complete Celebrated Crimes Pere Alexandre Dumas, 2013-09-23 THE contents of these volumes of Celebrated Crimes as well as the motives which led to their inception are unique They are a series of stories based upon historical records from the pen of Alexandre Dumas pere when he was not the elder nor yet the author of D Artagnan or Monte Cristo but was a rising young dramatist and a lion in the literary set and world of fashion Dumas in fact wrote his Crimes Celebres just prior to launching upon his wonderful series of historical novels and they may therefore be considered as source books whence he was to draw so much of that far reaching and intimate knowledge of inner history which has perennially astonished his readers The Crimes were published in Paris in 1839 40 in eight volumes comprising eighteen titles all of which now appear in the present carefully translated text The success of the original work was instantaneous Dumas laughingly said that he thought he had exhausted the subject of famous crimes until the work was off the press when he immediately became deluged with letters from every province in France supplying him with material upon other deeds of violence The subjects which he has chosen however are of both historic and dramatic importance and they have the added value of giving the modern reader a clear picture of the state of semi lawlessness which existed in Europe during the middle ages The Borgias the Cenci Urbain Grandier the Marchioness of Brinvilliers the Marchioness of Ganges and the rest what subjects for the pen of Dumas exclaims Garnett Space does not permit us to consider in detail the material here collected although each title will be found to present points of special interest The first volume comprises the annals of the Borgias and the Cenci The name of the noted and notorious Florentine family has become a synonym for intrigue and violence and yet the Borgias have not been without staunch defenders in history Another famous Italian story is that of the Cenci The beautiful Beatrice Cenci celebrated in the painting of Guido the sixteenth century romance of Guerrazzi and the poetic tragedy of Shelley not to mention numerous succeeding works inspired by her hapless fate will always remain a shadowy figure and one of infinite pathos The second volume chronicles the sanguinary deeds in the south of France carried on in the name of religion but drenching in blood the fair country round about Avignon for a long period of years The third volume is devoted to the story of Mary Queen of Scots another woman who suffered a violent death and around whose name an endless controversy has waged Dumas goes carefully into the dubious episodes of her stormy career but does not allow these to blind his sympathy for her fate Mary it should be remembered was closely allied to France by education and marriage and the French never forgave Elizabeth the part she played in the tragedy The fourth volume comprises three widely dissimilar tales One of the strangest stories is that of Urbain Grandier the innocent victim of a cunning and relentless religious plot His story was dramatised by Dumas in 1850

A famous German crime is that of Karl Ludwig Sand whose murder of Kotzebue Councillor of the Russian Legation caused an international upheaval which was not to subside for many years An especially interesting volume is number six containing among other material the famous Man in the Iron Mask This unsolved puzzle of history was later incorporated by Dumas in one of the D Artagnan Romances a section of the Vicomte de Bragelonne to which it gave its name But in this later form the true story of this singular man doomed to wear an iron vizor over his features during his entire lifetime could only be treated episodically **Celebrated Crimes** George Dilnot, 1925
