changed not only the tools but also the experience of combat and anticipated today's world of mechanized pushbutton warfare. The writings of William Frederick Keeler, the ship's paymaster, inform much of this book, as do the experiences of everyman sailor George Geer, who held Keeler in some contempt. Mindell uses their compelling stories and those of other shipmates to recreate the thrills and dangers of living and fighting aboard this superweapon. Recently pieces of the Monitor wreck have been raised from their watery grave, and with them information about the ship continues to be discovered. A new epilogue describes the recovery of the Monitor turret and its display at the USS Monitor Museum in Newport News, Virginia. This sensitive and enthralling history of the USS Monitor ensures that this fateful ship and the men who served on it will be remembered for generations to come. Night of the Milky Way Railway Kenji Miyazawa, 1991 Giovanni and his friend Campanella, who is dead from drowning, travel on a celestial railway which is a ferry of souls journeying to the afterlife. **Classified Catalog of the Carnegie Library of Pittsburgh. 1895-1902. In Three Volumes** Carnegie Library of Pittsburgh, 1907 Classified Catalogue of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh, 1907 Classified Catalogue of the Carnegie Library of Pittsburgh, 1895-1902 Carnegie Library of Pittsburgh, 1906 **It's Not What You Say...It's What You Do** Laurence Haughton, 1907 An indispensable management guide to making sure that the long-term strategies and day-to-day goals a company sets are successfully executed, written by the coauthor of the national bestseller *It's Not the Big That Eat the Small*. It's the Fast That Eat the Slow. Good managers at every level recognize the importance of strategic planning and setting concrete goals for their employees. But even the best among them often fail to implement and support the crucial processes that turn well-laid plans into visible successes. Studies show that over the last fifty years a whopping 83 percent of corporate slowdowns were attributable not to outside economic forces but to the lack of vigilant follow-through within the company itself. In *IT'S NOT WHAT YOU SAY IT'S WHAT YOU DO*, Laurence Haughton identifies the missteps that allow initiatives to fall through the cracks and explains how to close the gap between what a company sets out to do and what actually happens. Drawing on interviews with top-level executives from such companies as IKEA, the Wall Street Journal, Charles Schwab, Time Warner, Watson Wyatt, Pella Corp, and scores of others, both large and small, he presents the essential strategies for ensuring the success of innovations and change, including: Get more buy-in from employees on new initiatives. Balance control with coordination to make your team more effective. Make sure that expectations are crystal clear. Maintain a sense of urgency and momentum on a daily basis. Filled with real-life examples of how effective follow-through stems the waste of resources, improves productivity, and prevents costly mistakes, *IT'S NOT WHAT YOU SAY IT'S WHAT YOU DO* gives managers up and down the corporation or company the tools they need to eliminate failure resulting from lack of follow-through and achieve their goals. *The Publishers Weekly*, 1928 **Harper's New Monthly Magazine**, 1892 Important American periodical dating back to 1850
