Celestina Hispanic Classics:

Prostitution in Medieval and Early Modern Literature Albrecht Classen, 2019-07-18 Prostitution is known as the oldest profession in the history of humanity While historians have already given due consideration to the profession's social and cultural meanings across time periods little has been written about literary representations of prostitution Prostitution in Medieval and Early Modern Literature analyses the work of writers from an array of social positions including courtly poets and even religious writers dealing with the topic during the medieval and early modern periods Its study shows that prostitutes and brothel owners were present on the literary stage far more often than we might have assumed Utilizing an interdisciplinary approach and incorporating relevant sources from across the entire European continent dating from the early Middle Ages to the sixteenth century it examines the phenomenon of prostitution in a variety of contexts and highlights the extent to which the institution mattered for both the higher and the lower classes Quixotism Christopher Britt Arredondo, 2005-01-01 Exposes the cultural roots of Spanish fascism *Dictionary of Spanish Literature* Ph. D Newmark, 1956-01-01 The primary aim of the Dictionary of Spanish Literature is to serve as a convenient reference work for American students of Spanish and Spanish American literature The treatment is concise factual and objective the endeavor being to present a maximum of data with a modicum of critical commentary and to make the latter representative rather than subjective Within the given limits the coverage includes the great anonymous masterpieces the major and minor novelists poets dramatists essayists and literary critics both of Spain and of Spanish America Also included are eminent Spanish literary scholars as well as outstanding Hispanists of other countries but especially those of the United States Wherever pertinent the interrelationships of Spanish literature with that of other countries are treated in appropriate detail The entire dictionary is thoroughly cross referenced with respect to titles of representative works famous literary characters and pseudonyms of authors **Celestina** Fernando de Rojas, 1987 **Inscribing the Environment** Connie Scarborough, 2013-03-22 Ecocriticism as a theoretical model has primarily been used in the study of Romantic post Romantic and contemporary literary texts Applications of the concepts to medieval literature however are a fairly recent phenomenon This book examines key canonical works from medieval Spain showing how descriptions of the natural world in these texts are informed by both the authors' perceptions of the environment and established literary models *Rhetoric and Contingency* DS Mayfield, 2020-10-26 Human life is susceptible of changing suddenly of shifting inadvertently of appearing differently of varying unpredictably of being altered deliberately of advancing fortuitously of commencing or ending accidentally of a certain malleability In theory any human being is potentially capacitated to conceive of and convey the chance view or fact that matters may be otherwise or not at all with respect to other lifeforms this might be said animal's distinctive characteristic This state of play is both an everyday phenomenon and an indispensable prerequisite for exceptional innovations in culture and science contingency is the condition of possibility for any of the arts be they

dominantly concerned with thinking crafting or enacting While their scope and method may differ the fact of reckoning with and taking advantage of contingency renders rhetoricians and philosophers associates after all In this regard Aristotle and Blumenberg will be exemplary hence provide the framework Between these diachronic bridgeheads close readings applying the nexus of rhetoric and contingency to a selection of Early Modern texts and authors are intercalated among them La Celestina Machiavelli Shakespeare Wilde Fontane Celestinesca ,1993 **Hispanic Literature Criticism: Guimarães Rosa-Viramontes** Susan Salas,1999 **Forthcoming Books** Rose Arny,1993 **A Companion to the Classical Tradition** Craig W.
