absurd promises on how you can transform from an ordinary 8 5 working guy to an internet celebrity who tours the world as his or her blog makes him or her money on autopilot In as much as some of these stories are true there is a huge difference between those who hear the tales of these millionaire bloggers and those who actually become millionaire bloggers This doesn't mean that those who don't make millions of dollars annually from blogging are losers you don't have to make millions of dollars from blogging to be considered a success story This doesn't mean that making hundreds or thousands of dollars from blogging is any easier in fact you will be amazed that a vast majority of bloggers don't make any money from blogging Many actually end up giving up blogging altogether while many of those who continue blogging never understand how they can monetize their blog leave alone driving traffic to the blog So what do you think would make your blog any different given that a new blog is established every half a second You could easily end up getting lost deep in the volumes of other pages such that no one ever visits your site unless you give them the direct link to the blog then ask them to visit With a new blog established every half a second you need to do something that makes you stand out from the many others that end up not making any money Irrespective of the niche you settle for it is best to understand how to start and grow a money making blog I will take you through a step by step process to help you transform your newly established blog or the blog you are thinking of establishing to a money making venture Although the incomes will differ for different people based on different reasons I assure you that you will make money when you follow this guide Blogging for Profit Here Is A Preview Of What You ll Learn What is a Blog How to Start a New Blog Monetizing Your Blog Advertising Affiliate Marketing Selling Products Marketing Techniques Practical Tips on How to Make the MOST Money as a Blogger Much much more Thank You for Choosing This Book *The Beginner's Guide to Blogging* David Grete, 2020-05 It all started about a decade ago when the economy went south and I lost my job I found myself without purpose surviving on unemployment checks and aimlessly searching for an alternative way to earn a living Contrarily losing my job was one of the best things that has ever happened to me The part I didn't handle so well was the uncertainty How was I going to support myself What was I going to do with myself Every day I faced the daunting task of finding a new job no easy feat during the great financial crash of 2008 2009 and the biggest economic downturn in my life I'd heard of the possibilities of blogging There were a few bloggers doing what I could only dream of doing Making a living just for doing something they loved I gave it some consideration and contacted some of them Many were kind enough to answer my emails and some gave me some solid advice on getting started with my very own blog Have you noticed how some bloggers make six or seven figure incomes while others struggle to even make 100 What if I could teach you some key skills and habits that could make your blog a true success financially One of the biggest secrets I can share about blogging one that I quickly came to understand from other successful communicators is that you have to be passionate about what you're writing But this book has so much more to offer In this book you'll find easy step by step instructions on how to Setup your very own blog Analyze and select a specific niche that is both profitable and that you are
