Artificial Intelligence Applications in Higher Education

Helen Crompton, Diane Burke, 2024-10-31 *Artificial Intelligence Applications in Higher Education* offers direct examples of how artificial intelligence systems can be applied in today's higher education contexts. As the use of AI rapidly advances within colleges and universities worldwide, there is a pressing need to showcase the challenges, opportunities, and ethical considerations that are inherent in deploying these advanced computational tools. This book highlights the multifaceted roles of AI across teaching and learning, institutional administration, student data management, and beyond. Its collected case studies furnish actionable insights into enhancing academic institutions and addressing diverse learning priorities such as motivation, engagement, feedback, and achievement goals. This valuable reference for researchers, designers, administrators, teaching faculty, and graduate students across various university programs offers fresh perspectives on generative AI, adaptive learning, intelligent tutoring systems, chatbots, predictive technologies, remote learning, and more.

Discovering Public Relations Karen Freberg, 2024-02-16 *Discovering Public Relations* introduces students to the field of PR in a practical, applied, and hands-on way that prepares them for the modern workplace. Author Karen Freberg highlights modern and contemporary PR practices, emphasizing social media, digital communication, and creative innovation. Understanding that creativity alone can't create success, Freberg shows students how to choose and implement evidence-based practices to guide their strategic campaigns. The Second Edition transforms students into successful PR professionals by giving them the tools to think creatively, innovate effectively, and deploy research-backed tactics for successful campaigns.

Revolutionizing Communication Raquel V. Benítez Rojas, Francisco-Julián Martínez-Cano, 2024-10-22 *Revolutionizing Communication: The Role of Artificial Intelligence* explores the wide-ranging effects of artificial intelligence (AI) on how we connect and communicate, changing social interactions, relationships, and the very structure of our society. Through insightful analysis, practical examples, and knowledgeable perspectives, the book examines chatbots, virtual assistants, natural language processing, and more. It shows how these technologies have a significant impact on cultural productions, business, education, ethics, advertising, media, journalism, and interpersonal interactions. *Revolutionizing Communication* is a guide to comprehending the present and future of communication in the era of AI. It provides invaluable insights for professionals, academics, and everyone interested in the significant changes occurring in our digital age.

Decolonizing Marketing Theory and Practice Hasan Gilani, 2024-11-22 In academic institutions worldwide, the call to decolonize the syllabus, curriculum, and the entire university experience is growing louder and more urgent. Yet the conversation must extend beyond blogs, hashtags, and social media trends. This book dives deep into the critical need to challenge and transform the foundations of marketing education. Addressing the urgent need for deeper conversations, this book delves into the multifaceted process of decolonizing marketing theory and practice to foster a more inclusive field. Through an insightful collection of contributions, this book critically examines the entrenched roots of colonization, capitalism, and inequality, urging us to move beyond simply adding non-white authors and non-Western case studies to the curriculum. Decolonization should

begin with a focus on inclusivity and equality progressing towards the recognition and exploration of diverse contexts and paradigms Through rigorous analysis and innovative perspectives this book identifies key areas in marketing pedagogy that require decolonization urging a move away from exclusionary practices and Western centric ideologies It identifies crucial areas where texts knowledge and contexts need to be decolonized advocating for a paradigm shift from a culture of exclusion and Western centric ideologies to one that embraces inclusivity and a broad range of philosophical perspectives from the non Western world Aimed at researchers and academics in the field of marketing this book offers a profound exploration of teaching and learning dynamics from a more inclusive and diverse perspective By fostering engagement with a wider audience it seeks to enrich the discourse around marketing education with a more nuanced and enriched perspective Decolonizing Marketing Theory and Practice is an essential resource for those committed to creating a more equitable and comprehensive understanding of marketing in a global context
