to solve a linear programming problem we first need to know the fundamental theorem of linear programming given that an optimal solution to a linear programming problem exists it must occur at a vertex of the feasible set if the optimal solution occurs at two adjacent vertices of the feasible set then the linear programming problem

linear programming problems and solutions superprof - Jul 06 2022

linear programming offers the easiest way to do optimization as it simplifies the constraints and helps to reach a viable solution to a complex problem in this article we will solve some of the linear programming problems through the graphing method the best maths tutors available 5 56 reviews paolo 30 h 1 st lesson free
