Bestseller Robert McParland,2018-12-15 Whether curled up on a sofa with a good mystery lounging by the pool with a steamy romance or brooding over a classic novel Americans love to read Despite the distractions of modern living nothing quite satisfies many individuals more than a really good book And regardless of how one accesses that book through a tablet a smart phone or a good old fashioned hardcover those choices have been tallied for decades In Bestseller A Century of America s Favorite Books Robert McParland looks at the reading tastes of a nation from the beginning of the twentieth century to the present day Through extensive research McParland provides context for the literature that appealed to the masses from low brow potboilers like Forever Amber to Pulitzer Prize winners such as To Kill a Mockingbird Decade by decade McParland discusses the books that resonated with the American public and shows how current events and popular culture shaped the reading habits of millions Profiles of authors with frequent appearances from Ernest Hemingway to Danielle Steel are included along with standout titles that readers return to year after year A snapshot of America and its love of reading through the decades this volume informs and entertains while also providing a handy reference of the country s most popular books For those wanting to learn more about the history of American culture through its reading habits Bestseller A Century of America s Favorite Books is a must read **Eisenhower's Heart Attack** Clarence G. Lasby,1997 Previous Eisenhower biographers have touched on his heart condition but Clarence Lasby is the first to examine the impact of the president s health on the nation He offers a dramatic revisionist account of the events surrounding the president s

1955 heart attack and subsequent efforts by the president and his staff to minimize its political impact Drawing on newly opened medical records and personal papers of Eisenhower s physicians Lasby challenges virtually everything we have believed about the president s heart attack Most disturbingly he has discovered that the president s personal physician Dr Howard Snyder misdiagnosed the attack as a gastrointestinal problem and waited ten hours before sending Eisenhower to the hospital Lasby also sets the record straight on how the president and his aides managed the public s understanding of events and he offers evidence that Eisenhower Dr Snyder and press secretary James Hagerty withheld and recast information to serve the president s political priorities Equally important Lasby s book offers a touching portrait of a proud man faced with a debilitating disease It examines Ike s private struggle to lead a full life despite his condition and analyzes his decision to seek a second term even against the advice of cardiologist Paul Dudley White It also shows how a man who had always carefully joked after his health now became obsessed with it *Jean Peters* Michelangelo Capua,2024-03-05 From 1947 to 1955 Jean Peters 1926 2000 appeared in films opposite such Hollywood leading men as Tyrone Power Marlon Brando Burt Lancaster Spencer Tracy Richard Widmark and Robert Wagner as well as international stars including Louis Jourdan and Rossano Brazzi Despite her talent and status Peters eschewed the star studded lifestyle of 1950s Hollywood turning down roles that were too sexy and refusing to socialize with other actors discuss her private life in the press or lead the glamorous lifestyle often associated with her peers She was seen as a mystery to reporters who constantly tried to discover tidbits about her personal life In 1957 her marriage to Howard Hughes led to her retirement from acting and her further withdrawal from social events in Hollywood Instead she shifted her attention to charitable work arts and crafts and university studies in psychology and anthropology Her status as an enigma only grew as she agreed never to speak of her marriage with Hughes After her divorce however Peters attempted to resume her acting career in television but never regained her previous level of stardom Jean Peters Hollywood s Mystery Girl grants an in depth analysis of each of her nineteen films and is enriched by several high quality photographs from the author s personal collection **Louisiana Reports** Louisiana.
